## COOLIDGE MAY USE I.O.U.'S TO BALANCE BUDGET, WILL SAYS

(Special To The News)  
NEW YORK, Jan. 31.—Pres-  
ident Coolidge wants the crissers  
totled for dur-  
ing his admin-  
istration a n d  
paid for out of  
Hoover's bud-  
get.  
Mr. Coolidge  
is going to  
have his bud-  
get balanced when he goes out,  
if he has to give out some I.  
O. U.'s. Senator Borah wants a  
conference to decide "your  
rights on the seas, during a war  
in which you haven't yet been  
able to get into."  
That is just like holding a  
convention to discuss "the  
rights of innocent bystanders,  
during a fight between police  
and bandits."  
No only has one right, and  
that's the right of a decent  
burial.  
Yours,  
WILL.

## PA NEW OBSERVES

And yet another member of  
the famous woodchuck family, Charles  
Clark of King avenue was  
born February 2, 1912.

"Pa Newc  
Of The News:  
Dear Sir:—Quite a number of folks  
are telling of their rare old coins  
so I will attempt to tell you some-  
thing concerning mine.  
"I have a gold half dollar dated  
1853 and it is octagon in shape. I am  
told that it is made of Californian  
gold.  
"I have also a silver dollar dated  
1801, much larger than the dollar  
of today and much flatter. It has the  
"United States of America" written  
on the edge.  
"Also have a Columbia half dollar  
of 1893, rare but not so old.  
"L. E. HURST."

Mrs. R. E. Bauman of Homestead  
street, has coins in her possession  
which bear the dates 1789, 1800 and  
1802.

Little Miss Dorothy Sheaffer of 721  
Court street is another member of the  
groundhog birthday club. She will  
be nine years old February 2.

Yesterday afternoon the entire  
North Beaver countryside journeyed  
to the Westfield Grange hall for the  
community fair. The products show,  
farmers report that it was the finest  
exhibition of farm results that has  
ever occurred in the county. Many  
were surprised at the fine stuffs that  
are really being raised on county  
farms.

County basketball circles will jump  
into the arena again Friday  
evening. Some may believe that these  
games are not so hot, but Pa Newc  
is of the opinion that there is some  
good college material in the ranks  
this year.

When one listens to the tales told  
by Fire Chief Charles H. Lynn and  
the rest of the boys at the Central  
fire station, then one realizes that  
there is nothing to fighting fire than  
merely pouring water and chemicals  
onto a blaze, for many times the  
blaze cannot be reached. More often it  
is a game at which the firemen match  
themselves against the tricky fire and  
honors break about even. For fire  
is tricky. One can never tell which  
way they will go declare the boys.

At the present time truck B at the  
Central fire station is both the  
pride and joy of the firemen. It is  
groomed like a race horse and is  
the old time fire horse it is ready at  
all times to answer alarms. It is fit  
because of the fact that City Mc-  
cormick stands ready to re-  
pair this and any other truck which  
may break down. Immediately, though  
the break comes in the wee small  
hours of the morning.

Jimmie Maricher of DuShane  
street will be five years of age Sat-  
urday, woodchuck day. Billie Lutz of  
New Galilee will celebrate his first  
birthday Saturday. Both are added  
to the membership of Pa Newc's  
birthday club.

Apparently these birds who park  
their machines every night in Spa-  
more, and Apple Way, think the  
pedestrians have no right on that  
highway as they park their cars up on

## Mellon Victory Is Forecasted In House Vote

Victory For Andrew Mellon  
Seen As House Prepares  
To Vote On Dry Fund  
Issue

### LEADERS PREDICT CONFIDENCE VOTE

Hoover's Prohibition Investi-  
gation Appropriation Is  
Unopposed

By WILLIAM S. NEAL  
International News Service Staff  
Correspondent  
WASHINGTON, Jan. 31.—The vet-  
eran Secretary of Treasury Andrew  
Mellon will survive another congres-  
sional effort to curb his powers and  
place the sting of repudiation on him  
when the house votes on the \$24-  
000,000 dry fund amendment to the  
first deficiency bill, it was indicated  
as the test neared today.

Claim Mellon Victory  
Administration leaders who are  
backing him claimed victory and one  
of his leading opponents privately  
agreed with their conclusion.  
The test was scheduled to come in  
the consideration of an extraordinary  
rule which would send the bill to  
conference with the senate, without  
giving the house a previous oppor-  
tunity to register its stand on the  
amendment.

Both the Harris amendment, by  
which the senate added \$24,000,000 to  
the present prohibition fund of ap-  
proximately \$32,000,000 and the Mc-  
Kellar amendment, requiring public  
hearings and open decisions on tax  
refunds above \$10,000 were to be de-  
bated in the consideration of the rule.  
A third senate amendment provid-  
ing \$250,000 for the proposed prohibi-  
tion investigation of President-elect  
Hoover was not expected to meet  
opposition.

It was expected, however, that a  
further amendment, broadening the  
scope of the proposed Hoover inquiry  
to include national crime conditions  
would be suggested.

Mellon Fires Blast  
On the eve of the showdown, Mel-  
lon fired another blast at the south-  
ern dries of the senate who proposed  
to add \$24,000,000 for dry law en-  
forcement.

The language of the amendment  
would not permit the money being  
used by the judiciary, coast guard,  
customs service, or civil service, all  
of which incur expenses in enforce-  
ment of the prohibition law, he said.  
The only use to which the money  
could be put, he stated, was to hire

## Safety Trophy Is Presented

P.O. Company Men Of New  
Castle Division Get Offi-  
cial Recognition

### BANQUETS HELD AT CATHEDRAL

Employees of the New Castle divi-  
sion of the Pennsylvania-Ohio Elec-  
tric railway Wednesday were present-  
ed with a beautiful trophy as an  
award for having won the 1928 safety  
contest conducted by the company.  
During 1928 the New Castle division  
operated 38,056 miles per chargeable  
accident, or a total of 1,446,108 miles  
with only 38 accidents.

The presentation of the trophy,  
which is two feet high and shows the  
statue of a man holding his hand  
skyward with the inscription "Be  
Careful," was made by R. N. Graham,  
manager of railways. C. C. Coulthard,  
superintendent of the New Castle divi-  
sion, received the trophy in behalf  
of the division employees.

Victory Banquet  
The presentation was made during  
a victory banquet held in the east  
banquet room at the Cathedral. Offi-  
cials of the company, guests from out-  
side divisions and city officials were  
present. Music was furnished by Paul  
Hunt's P.O. orchestra, entertainment  
by Roy Whittenberger and P. E.  
Thomas and several vocal numbers  
by Carl Berchold, accompanied by  
Mrs. Berchold.  
According to R. N. Graham, who  
presided, the New Castle division op-  
erated 17,000 miles per chargeable  
accident during the last three months  
of 1928, and having captured the con-  
tests for January, February and March  
and also July, August and September  
were entitled to permanent posses-  
sion of the trophy, which has already  
been placed on display in the windows  
of the Pennsylvania Power company.  
While Graham told of the safety  
contest the Coffin medal won by the  
company several years ago and the  
Anthony Brady medal given the com-  
pany for 1928 by the American Mu-  
seum of Safety, were passed around

## GIRL MAKES NEW ENDURANCE FLIGHT RECORD FOR WOMEN

(International News Service)  
MITCHELL FIELD, N. Y., Jan. 31.—  
Miss Eleanor Smith, pretty 17-year-  
old aviatrix, landed at the field at  
3:33:55 o'clock this morning in her  
biplane after establishing a new solo  
endurance flight record for women.  
She had been aloft 13 hours and 16  
minutes and 45 seconds on one hour  
and six minutes longer than the mar-  
set a few weeks ago by Miss Bobbie  
Trout of Los Angeles.  
Although a sealed biograph was  
installed in the plane by National  
Aeronautical association officials, her  
mark probably will not be recognized  
officially. The association draws no  
distinction between endurance flights  
by men and women.  
The American Aeronautic associa-  
tion and its parent body, the Federa-  
tion Aeronautique Internationale,  
have under advisement the establish-  
ment of a special classification for  
women's records, however, and Miss  
Smith's performance will be filed by  
the American Aeronautic association  
for entry in the records when and  
if a new classification is made, Miss  
Smith conformed to the requirement  
of exceeding the previous record by  
one hour.  
Miss Smith who secured her pri-  
vate pilot's license last year broke  
two other records at 11 o'clock last  
night. At that hour she had been aloft  
eight and three-quarter hours longer  
than any other woman solo flight in  
this section and a longer stretch of  
night flying than had been accom-  
plished by any other woman solo  
flyer.  
The blonde aviatrix did her night  
flying with only the beacon light at  
the field to guide her. At her request  
army officers did not turn on the  
flood lights until she fired a red  
flare from her signal pistol as an in-  
dication that she was about to land.  
When she took off at 7:17 p. m. yester-  
day the youthful aviatrix had 115  
gallons of gasoline aboard.

## Coolidge Going To Florida Too

(International News Service)  
WASHINGTON, Jan. 31.—  
President Coolidge leaves this  
afternoon for Mountain Lake,  
Florida, to dedicate tomorrow a  
singing tower and bird sanctuary  
donated by Edward W. Bok.  
The schedule calls for Mr.  
Coolidge to be in Florida only  
6 1/2 hours. He will be on the train  
57 hours.  
He will return to the capital  
Saturday night.

## Plan Blasting Of River In Search For Woman's Body

Will Dynamite Section Of  
Frozen Susquehanna River  
In Hunt For Missing  
Woman

### MURDER SUSPECT STICKS TO STORY

(International News Service)  
HARRISBURG, Jan. 31.—Police to-  
day prepared to dynamite sections of  
the Susquehanna river here in an ef-  
fort to locate the body of Verna Klink,  
candy store manager, who has been  
missing since last Friday night.

Sticks To Story  
Meanwhile Harry E. Bowman, 39-  
year-old perfume salesman, was held  
in the Dauphin county jail in con-  
nection with the disappearance of the  
girl. Long hours of questioning have  
failed to shake his story that he and  
Miss Klink had entered a "suicide  
pact" and had both leaped into the  
river last Friday night, but that he  
had changed his mind and waded to  
shore while the girl perished.

All efforts to locate the body by  
means of grappling hooks have failed  
and police said they would probably  
use dynamite today.

Mother Contradicts Story  
Police say Bowman and the girl  
were not slightly acquainted. Miss  
Klink's mother, Mrs. Alma Eschelman,  
declared that "Verna would fight like  
a tiger" and would not willingly enter  
into such a pact as described by Bow-  
man.

Police were attempting also to trace  
the source of \$340 which was found in  
the lining of a coat owned by Miss  
Ethel Miller, of this city, who is held  
as a material witness. Miss Miller  
had a revolver in her possession  
when she was arrested, also was held  
in \$1,500 bail on a charge of carrying  
concealed weapons.  
Miss Klink had \$1,000 in cash with  
her when she disappeared.

## Standard Oil Of Indiana Advances

(International News Service)  
NEW YORK, Jan. 31.—Standard  
Oil of Indiana, the bone of conten-  
tion in the Rockefeller-Stewart proxy  
battle, advanced nearly two points to  
95 in active trading on the New York  
curb market today, in continuation  
of the sharp advance which has  
brought the stock up about 10 points  
from Wednesday's low price.

### BADLY BURNED BY WHITE HOT STEEL BAR

MIDLAND, Jan. 31.—John Tribo,  
39, Midland avenue, is in the Roches-  
ter hospital in a critical condition  
from burns suffered in the plant of  
the Pittsburgh-Cruible Steel com-  
pany, when a white hot bar of steel  
fell on him. His clothing was ignited  
and his body seared by the metal.  
Earl Averetta, 28, Penn. avenue, sus-  
tained a fracture of the hip when  
crushed between two cars at the mill.  
He was removed to the hospital.

## Cottage Burns At Lakewood

Loss Of Probably \$3,500 Is  
Sustained By Omar  
Fink

### NEW CASTLE FIREMEN MAKE TRIP TO BLAZE

Approximately \$3,500 was the loss  
sustained by Omar Fink, of Lake-  
wood Beach, near East Brook, when  
his cottage burned to the ground  
Wednesday afternoon. The New Cas-  
tle fire department was summoned,  
but the cottage was a total loss be-  
fore they arrived. No other cottages  
were damaged.  
Mr. Fink was cleaning the stove in  
his cottage when somehow the gaso-  
line "became" ignited, and spread  
throughout the room. He succeeded in  
beating the flames from his clothes.

Burns Rapidly  
The fire burned so quickly and  
spread so fast that it was impos-  
sible to save either the cottage or the  
contents. When the department was  
called, it was stated that the cottage  
of Dr. Elizabeth McLaughry, of New  
Wilmington, alongside the Fink cot-  
tage, would also be burned if aid was  
not sent.

Fire Chief Charles H. Lynn des-  
patched the pumper from No. 5 fire  
company, with James Thomas and  
Lew McGarry of No. 6 company, and  
J. E. Zettler, C. L. Rohrer, W. J. Mc-  
Ananey and Dan McDaniels of the  
Central Fire company. Chief Lynn  
accompanied the firemen in his car.  
When they arrived, the Fink cot-  
tage had completely burned, and the  
McLaughry cottage was in no danger.  
However, states the fire chief,  
it would have been impossible for  
the department to use the pumper  
as the lake was frozen over and  
even if this had not been the case,  
it would have been impossible to get  
the pumper near enough to the lake  
to make a draft. No other water was  
available.

## Wrecked Plane Of Mail Flier Found

Youthful Kansas City Airmail  
Flier Escapes Death In  
Sensational Leap

(International News Service)  
DAVENPORT, Ia., Jan. 31.—The  
wrecked plane of Jack Starns, youn-  
gster Kansas City airmail pilot, who  
saved himself from death by a sen-  
sational 3,000-foot parachute leap  
when he foundered in a snow storm,  
was found today about two miles from  
where Starns came down.

Starns, uninjured, went into Chicago  
by train. Three pouches, containing  
350 pounds of Kansas City mail, fol-  
lowed him on a Rock Island flyer.  
Starns, owing to the storm, missed the  
large beacon light atop a downtown  
office building that guides flyers thru  
their air lane. Unable to find his way,  
he lit his flares, but these could not  
be seen, owing to the snow and dense  
fog, it was said.

## Cruiser Measure Certain To Pass In Senate Vote

New Cruiser Bill Sidetracked  
For Action On Appropri-  
ation Bills

### LIMITED DEBATES TO START MONDAY

Congress' Work For Present  
Session Is Soon To Be  
Completed

By WILLIAM K. HUTCHINSON  
International News Service Staff  
Correspondent  
WASHINGTON, Jan. 31.—The ad-  
ministration's new cruiser bill, assur-  
ed of enactment, was sidetracked tem-  
porarily in the senate today to permit  
action on the much delayed inde-  
pendent offices appropriation bill.  
Bill To Pass  
The cruiser advocates were not  
alarmed, however, as an agreement  
limiting debate after Monday will in-  
sure enactment of the bill early next  
week. A poll has shown the bill will  
be enacted on the final roll-call by  
an overwhelming vote.

The administration has urged  
prompt action on remaining appropri-  
ation bills in order to clean up the  
regular program of congress. The  
agriculture department appropriation  
bill, carrying \$45,720,000, was enacted  
late yesterday while the independent  
offices, the war department and  
District of Columbia bills are pend-  
ing in the senate. Two more have  
yet to be enacted by the house—the  
naval and the legislative appropriati-  
on bills, the latter providing the  
money for congress itself.

Work About Done  
Once these appropriation bills have  
been enacted, congress' work for the  
session will be concluded, except for  
minor matters.  
The cruiser measure was given great  
impetus by Senator James A. Reed  
(D) of Missouri, making one of the  
closing speeches of his senatorial  
career. Reed lambasted pacifists and  
internationalists, declaring peace  
treaties would not protect American  
interests or American commerce and  
that a great modern navy was needed  
as a measure of urgent national de-  
fense.

"I would have an American navy  
equal to any other two navies in the  
world," said Reed, "and then I know  
we would have peace."  
His defense of the bill, however, did

## Hoover Seeks To Lighten Burden; Wants More Help

President-Elect Hoover  
Wants Two And Possibly  
Three Secretaries

### DUTIES INCREASE, NEED ASSISTANTS

Hoover Planning To Conduct  
Nation's Business Along  
Organization Lines

By GEORGE R. HOLMES  
International News Service Staff  
Correspondent

LONG KEY, Fla., Jan. 31.—Herbert  
Hoover is planning a number of in-  
formal dinners today, during the  
business of the government when he  
takes over the reins at the White  
House on the fourth of March. One  
of these involves the office of Sec-  
retary to the President, always an  
important post, and one that has be-  
come increasingly so in recent years  
with the steady increase of the ex-  
ecutive burden.

Instead of one secretary, as at pre-  
sent, Mr. Hoover would like to have  
at least two, or even three, with a  
clear division of duties and at sal-  
aries sufficient to command the ser-  
vices of competent executives. Partly  
at Mr. Hoover's instigation, Presi-  
dent Coolidge already has asked con-  
gress to authorize an appropriation of  
ten thousand dollars a year for a  
"second secretary." It is quite like-  
ly that before he has been long in  
office Mr. Hoover will request another  
appropriation of a similar amount  
for a third secretary.

Duties Increase  
The burdens of the executive of-  
fice are now tremendous, and each  
session of congress sees them increas-  
ed. More responsibility is steadily  
being reposed in the chief executive.  
He must read more reports, make  
more appointments, accept respon-  
sibility for the acts of more men  
as each year passes.  
One of Mr. Hoover's passions is  
organization and administration. He  
believes that the present method of  
conducting White House business is  
inefficient, that it puts too much de-

## GIRL WHO SEEKS QUARTER-MILLION

An exclusive photo of Miss Frances Porter, posed for a Central  
Press cameraman in Atlanta, Ga., where Miss Porter filed suit for \$250-  
000 against C. P. "Conkey" Whitehead, Atlanta millionaire sportsman.  
Whitehead countered with a statement that Miss Porter stuck pins  
in him. Refusing to get off Whitehead's yacht at Havana, Miss Porter  
was taken to Florida, while Whitehead stayed in Havana, according to  
wire stories at the time.

## COMMISSIONERS DISCUSS DIVIDING VOTING PRECINCTS

Some possibility of action within  
the near future in the matter of  
redistricting top heavy election pre-  
cincts in New Castle is seen in the  
conference today of the county com-  
missioners T. J. McCullough, P. O.  
Elder and C. C. Boyd.

At this conference the vote of the  
general election of 1928 was laid be-  
fore the commissioners, the heavy  
precincts pointed out and it was  
agreed by the three of them that in  
some precincts there were entire-  
ly too many voters to be accommo-  
dated efficiently.

No definite action was taken by the  
commissioners except the statement  
that the matter would be discussed  
with the county solicitor, Attorney  
John P. Lockhart, and if the proce-  
dure necessary meant the filing of a  
petition with the court, then the pe-  
tition would be presented.

The commissioners apparently be-  
lieve that if anything is to be done  
before the next primary election,  
which will be held in September 1929,  
that the time to start the action is  
now.

## FIREMAN KILLED; FIVE OTHERS HURT; BY FALLING WALL

(International News Service)  
CHICAGO, Jan. 31.—Fireman  
John J. Carey was killed and five  
others were injured today, perhaps  
fatally, today when they were caught  
under a falling wall while fighting a  
fire in a laundry building here.  
Timothy Donohue, 31, suffered a  
fractured skull and is not expected  
to live.  
Comrades of the buried firemen dug  
into the smoldering debris with picks  
and bare hands and dragged the vic-  
tims to places of safety.  
Damage to the laundry plant was  
estimated at between \$75,000 and  
\$150,000.

federal district court today refused to  
grant a writ of habeas corpus to stay  
the execution of Mrs. Ada Bonner  
LeBouf and her sweetheart, Dr. T. E.  
Dreher, condemned to die on the

## Committees Are Named To Study Church Merger

First Concrete Step Taken To  
Join Presbyterian And  
Methodist Churches

### ORGANIC UNITY IS RECOGNIZED

Committees Ordered To Make  
Careful Study And Report  
At Earliest Possible  
Time

(International News Service)  
PITTSBURGH, Jan. 31.—The  
first concrete step toward merging  
the Presbyterian church of Amer-  
ica and the Methodist Episcopal  
church of this country was on  
record today with the appoint-  
ment of two committees to con-  
sider the question of polity, doc-  
trine, administrative work and  
property interests of the two  
churches.  
This action resulted last night at  
a conference session and was in the  
nature of a resolution, which recog-  
nizes the organic unity of the two  
churches.

Committees Named  
The committees were appointed as  
follows:  
Committee on polity and doctrine—  
Bishop William F. McDowell, Wash-  
ington; Rev. Dr. Roy Allen, Buffalo;  
P. A. Horne, New York; Methodists:  
Rev. Dr. J. Ross Stevenson, Prince-  
ton, N. J.; Rev. Dr. Lewis Seymour  
Mudge, Philadelphia; Dr. Robert F.  
Speer, New York; Presbyterians:  
Committee on administration and  
property interests—Rev. Dr. Henry G.  
Swearingen, St. Paul; Rev. Dr. Jo-  
seph A. Vance, Detroit; Rev. Dr. Wil-  
liam O. Thompson, Columbus, Pres-  
byterians; Bishop Herbert Welch,  
Pittsburgh; Bishop F. D. Leslie, Oma-  
ha; Dean James A. James, Chicago.

Minutes were ordered to  
be assigned to  
to make full reports  
to a merger committee at the  
possible time.  
Feel Satisfied  
Representatives of both denom-  
inations at the conference expressed  
great satisfaction over the results of  
the deliberations.  
"Nothing less than church history  
was made in Pittsburgh today," de-  
clared the Rev. Dr. Eugene M. Antzini,  
president of Oklahoma City univer-  
sity. "Nothing but enthusiasm was  
manifested by both sides regarding  
the merger. We are heading in the  
right direction and it will now only  
be a matter of time before our two  
great denominations will be amalga-  
mated into one."  
He pointed out that the final con-  
summation of the merger cannot pos-  
sibly occur before 1932, since what-  
ever action taken by the joint merger

## Battle Fire In Hold Of Ship

Two Members Of Crew Die  
In Attempt To Check  
Fire

### FIRE OCCURS AT JERSEY CITY PIER

(International News Service)  
JERSEY CITY, Jan. 31.—Two mem-  
bers of the crew sacrificed their lives  
in a bold effort to check the spread  
of flames and five persons were in-  
jured when fire swept the hold of the  
Dollar Liner President Johnson, round  
the world vessel, while the ship was  
tied up at its pier here today. Loss  
was estimated at \$100,000 by Dollar  
line officials who said the ship's de-  
parture for Cuba scheduled for this  
afternoon probably would be delayed.  
First reports to police had declared  
nine men were suffocated in the fire  
but a later check-up placed the dead  
at two.  
Several passengers who boarded the  
ship at Boston were among those to  
escape.

Four firemen have been removed to  
hospitals suffering from smoke in-  
halation and a fifth fireman was res-  
cued from the icy river when he be-  
came dazed and leaped overboard.  
The fire is believed to have started  
in the machinery room when an oil  
stove was upset. Members of the  
crew in the room fought it for a few  
minutes, then called for help.

The ships bell rang out and mem-  
bers of the crew rushed to their posts  
but they were unable to make any  
impression on the mass of smolder-  
ing oil, grease and waste. A call was  
sent in to the Jersey City fire depart-  
ment.

Acting Chief John Sweeney, an-  
swering the first alarm, sent in a  
second call; the moment he arrived at  
the pier. Seven engines and two hook  
and ladder companies responded.  
Police reserves blocked all entrances  
to the pier. Because of the lack of  
flames many persons passing outside

## No Snowfall In Eastern Counties

(International News Service)  
HARRISBURG, Jan. 31.—Northern  
and western counties are blanketed  
with snowfall, ranging from one to  
12 inches in depth, the depart-  
ment of highways announced today.  
A. LeBouf and her sweetheart, Dr. T. E.  
Dreher, were reported open although  
the fire in Jefferson county considerable drift-  
snow was making travel difficult.  
No snow had fallen in central and  
eastern counties up until noon.

A little gas, a little juice, a short  
and the engine jumps and flips a lit-  
tle ice and a little snow, and the en-  
gine runs but the wheels all slip. A  
cuss or two if your chains are off,  
and the tires smooth as you try to  
start, another slip and a shower of  
ice, and more words come that are  
quick and tart. Oh the joys there are  
and the cares there are, as you try  
to get under way, it's the life of a  
motorist, friend of mine, it's twenty-  
seven today.

# Chicago Gunman Slain In Fight

## Beer Runner Gangster Slain Following Argument; Slayer Makes His Getaway

### PAROLED CONVICT IS BEING HUNTED

CHICAGO, Jan. 31.—Four gangsters gunned sat around a table here today. A dispute arose. One of the four leaped to his feet and began firing.

When the smoke had cleared away Steve Kuczyński, beer runner, gangster and sworn enemy of the O'Donnell beer running gang, was slumped on the floor dead.

Edward Maciejewski, paroled convict identified as the slayer, backed away from the body and faced the other two men, Joseph Bodner and John Freund as Mrs. Rose Bodner, appeared in the doorway. "Come on, you two, you're gonna go for a ride," snarled Maciejewski.

They departed in an automobile. Bodner, later picked up by a detective bureau squad said he and Freund eluded the alleged killer who escaped.

### CRUISER MEASURE CERTAIN TO PASS IN SENATE VOTE

(Continued From Page One)

Not quiet the opposition, Senator Brookhart, (R) of Iowa, veteran of the Spanish and world wars and the Mexican campaign, said he was proud to be a pacifist and to oppose the naval bill. He charged the cruisers, so authorized, would be obsolete before they were launched and he pleaded with the senate to spend the money required on submarines and aircraft. He charged the cruiser program was the "brain-storm" of the "old order of things" and cited instances in the world war where the nation's military strategists were forced to abandon their traditional theories of warfare.

The bill had the senate divided into three camps. The largest and majority camp included those favoring the bill as written; a lesser group favored the bill with the time clause eliminated, while the handful opposed it as a waste of money.

more agents in the prohibition bureau and attorneys in the justice department.

President to Act

One of the stings in the amendment is that the President, and not Mellon, would allocate the \$24,000,000 among the various agencies.

Reports that the southern drys would effect a compromise which would avert the expected floor fight were denied by Rep. Byrns (D) of Tennessee.

"There will be no compromise; we will fight the rule," he said. "Of course, I do think it would be foolish to make a motion to recommitt the bill to the appropriations committee with instructions to report it back with the amendments. The vote on the rule will have to be the test."

If the bill is sent to conference, the house conferees will make an effort to bring back a report eliminating the disputed items. Rep. Wood (R) of Indiana, however, is not optimistic over this possibility. He expects some of the senate conferees to insist on the amendment, which would necessitate the bill being taken back to both houses.

tail work upon the president, and that it is simply bad business administration to tie down a \$75,000 executive with a lot of routine that should be handled by ten thousand dollar men.

It isn't done in "big business," and Mr. Hoover doesn't believe it should be done in the government which is the biggest in the world.

Moreover it is Hoover's idea of how to meet the perennial problem of "overworking the president."

Hoover Goes Fishing

Hoover's idea is understood to embrace a clear-cut division of duties that would make each secretary an assistant responsible for certain definite work. For instance, one secretary might handle reports and the work in general of the ten regular government departments that have cabinet chiefs. Another might be made responsible for the independent bureaus such as the interstate commerce commission, federal trade commission, radio commission, veterans bureau and others.

This, in general is the outline of Mr. Hoover's idea of how the White House business should be conducted. He has followed the same general system in his own department of commerce for some years and that department admittedly has been one of the most efficiently administered in the entire government. Incidentally he has paid some of his assistants in the commerce department out of his own pocket.

The President-elect came down to this famous fishing grounds today for another try at the saltfish and marlin. He is determined not to return northward without having become a member of "The Saltfish Club."

the only sidewalk there. They don't seem to think it matters if a chance pedestrian is knocked off by some machine when compelled to walk down the middle of Sycamore Way.

Charles Claire "Mugsy" Clark of R. D. 2 is another of those persons born on Groundhog day just 18 years ago. And he is going to spend this Groundhog day in the Shenango Valley hospital as a result of an attack of blood poisoning. He is improving.

It has been suggested that the best way to surry up the spring and prevent the groundhog from seeing his shadow on groundhog day is to have the legislature pass a law prohibiting Mr. Groundhog from coming out of his hole and running any chance of seeing his shadow. Can't see why such a law wouldn't be just about as good as some that are passed, says a friend of Pa New.

Apparently Lin Dukes is keeping in trim for the forthcoming cross-country marathon. Pa New noted a lad in running suit, weaving his way up Washington street on Wednesday afternoon when the traffic was heavy. Dukes is confident that he will be able to make the complete distance this time and land among the winners.

Tomorrow starts the shortest month of the year.

Pa New today heard a railroad engineer talk. He said the railroad he works for is as busy now as during the busy season of 1928...hailed eight cars of meat into town this week...one car of fish...200 cars of coal go over the road from near Bakerstown to Youngstown daily. He had an optimistic trend in everything he said.

A policeman today did not know whether or not to shoot two dogs which flitted with death by walking to and from the police station. One a shaggy big dog, the other a playful mongrel. They romped through East street. The 'cop' felt his gun. "Guess I'll have to get 'em if they don't go away," he said a dozen times as he stepped to the window.

Happiness was written on the faces of all of the employees of the Pennsylvania-Ohio railway who gathered at the Victory banquet at the Cathedral yesterday. Most of the men were married and they had their wives with them. Frank Wert, public relations agent for the company said that one time the company employed none other than married men to "man" busses. He said the reason for this was that the bus service was new and the company desired men at the wheel who officials felt had had a good night's sleep.

Attaches of the city health department are now getting a chance to pause and breathe as health conditions are much improved over conditions one month ago. In fact there is very little contagion in the city. The epidemic of influenza which swept New Castle and resulted in pneumonia in many cases apparently is obbing away fast. Only one case of contagion has been reported in 24 hours.

There are thirty-six men employed in the department of streets of which Councilman Clayton Reeves is the head. He said that this includes a few extra men whom are required at this time of year. When snow falls and lays it is necessary to have it cleaned from business lanes. The department never has any time to loaf. The men are kept busy in some section of the city all the time.

Woods & Golder are making further progress in the construction of the Moravia-Big Run-Lutton street sewer, according to city engineers who told Pa New today that pipe is being laid at the intersection of Lutton and Moravia streets today. One-half of Moravia street is barricaded. If possible persons operating vehicles should avoid using Moravia street.

## COMMITTEES ARE NAMED TO STUDY CHURCH MERGER

(Continued From Page One)

committees will have to be approved by the Methodist general conference in that year. The merger will involve 4,000,000 communicants of the Methodist and 2,000,000 of the Presbyterian denominations.

Resolution Adopted.

The resolution reads: "By authority of the actions of the general conference of the Methodist Episcopal church in the United States and of the general assembly of the Presbyterian church of the United States, recognizing the obligation of organic unity of the churches which rest in the rock of Christ, this conference of the committee, appointed by the Methodist Episcopal general conference and of the department of church cooperation and union of the Presbyterian church, to which consideration of the matter of organic unity of these two churches, has taken up its task.

"It rejoices in the duty assigned to it. It recognizes the difference in the way, but it cherishes this ideal of organic unity as the goal to which we are bound to direct our earnest and immediate effort. It expresses its resolute purpose to proceed at once to the consideration of the practicability of the method of organic unity of the two churches which it represents. It was voted to provide immediately for the appointment of two committees, one to consider the question of polity and doctrine involved and the other to consider the question of the administrative work of the property interests of the two churches, said committees to report at a later meeting of this conference.

It was voted also to advise the boards of both home and foreign missions of the two churches of the conviction of this conference that it should be the continued aim of the boards of our two churches to promote cooperation and unity in the work and to support, as far as possible, the effort for the organic unity of all the evangelical churches in the mission fields."

were unaware of the desperate fight for life that was going on deep in the world cruiser which has weathered other tragedies.

Why the victims failed to escape could not be learned. Chief Swenson expressed the belief that they had remained at their posts and were overcome by the deadly fumes.

There also was the possibility they had been unable to find their way out, due to the dense smoke. The first two bodies that were carried out were burned, but death had been caused by suffocation, according to ambulance surgeons from Jersey City hospital.

Firemen had difficulty in reaching the scene of the fire. They were compelled to unload part of the ship's cargo to make room for the hose. The injured suffered mostly from smoke. Some were hurt in falling while groping their way to the upper decks.

Fireman John Kenahart, one of the first to have staggered up a few minutes later, clawing at the air. He staggered to the ship's side and jumped overboard. His comrades pulled him from the icy water but he was unconscious.

### SAFETY TROPHY IS PRESENTED

(Continued From Page One)

for inspection. The Coffer medal is of 18 karat gold and the Brady medal 22 karat gold. The latter would be worth probably \$400 in cash.

Achieve Records

Graham said that when the safety campaigns were inaugurated it had not been anticipated that such awards would be won. However, he said the P-O system of employees certainly had achieved a remarkable record by taking the Brady medal which was awarded by unanimous vote of directors. The company, he said, now stands out as having had the best record in the United States.

Mayor W. H. Gillespie, when called upon, said that "safety meetings and banquets are getting to be habits which I believe are good habits. You have achieved something to be proud of but we should not forget those created in the contest. Think of the effort they put forth," was the mayor's charitable vein.

He said that those in favor of "safety first" must think of the "thoughtless young" and the "thinking old." By this he meant operation of automobiles by young people without a thought for the aged. The mind might be occupied as he walks across a street. He said: "We all need

to be watched by the other fellow. Life is a contest and we should not forget those who tried but lost."

Mayor Gillespie warmly congratulated Superintendent C. C. Coulthard and the New Castle employees. Chief of Police C. C. Horner, next to address the audience, said he was glad New Castle had won the trophy. "Mr. Coulthard has surrounded himself with a most courteous and efficient group of men and they have done wonderful to bring the trophy for 1928 to New Castle."

Unveil Trophy.

Bert Wood, claim agent for the company, said that every time a safety record is made it makes filling hospitals more difficult. He said C. C. Coulthard should be proud as a splendid man under him had made a splendid record and one had to be proud to unveil the trophy, which he did, and it was presented to Mr. Coulthard and the New Castle division.

Mr. Coulthard said he could not find words to express his feelings. He paid tribute to employees of the division whom he characterized as "the boys." He said that the dream of 1928 had come true as it had not only his but their hope to capture the trophy.

Turning to the operators, who had been accompanied to the banquet by their wives, mothers and sweethearts, he remarked: "I am sure all you boys feel the way I do and in your behalf I accept this trophy."

"You are the boys deserving the trophy. I hope we can continue in years to come to stand forth in this great and loyal work of saving human lives and limbs. This trophy stands for humanity, service and loyalty and it takes all three to win."

### Beaver Townships

Big Beaver Grange Ladies club held their regular monthly meeting Tuesday at their hall near Hays Crossing. In Big Beaver township with 30 present.

The business meeting convened at 1:30 o'clock with the president of the club, Mrs. W. H. McCullough in the chair. Following the business meeting the entertainment committee including Mrs. W. B. McGeorge, Mrs. J. A. Harbison and Mrs. W. G. Shannon presented an interesting program of entertainment when Mrs. E. M. Wright favored as first number on the program with a solo, followed by roll call, to which each answered by naming the club goal for the present year. Mrs. C. A. Kerr read a paper on current events and Mrs. Mary Stone Whitehill, a member of the Beaver Book club, and one of the speakers in the program, gave an interesting talk on "Book Reviews." Her talk was followed by a piano solo by Mrs. C. H. Todd of New Castle. Mrs. Charles S. Caughey of College Hill, gave an instructive talk on the "Work of the College Hill Women's club." This talk was followed by another solo by Mrs. E. M. Wright which closed the program of entertainment.

At the close of this program, the joint hostesses Mrs. J. C. Brittain, Mrs. J. L. McElattie and Miss Grace McElattie, served delicious refreshments carried out in pink and white tones with just a touch of yellow. Favors were little pink and white boxes filled with white candy. The next meeting of the club will be February 19 with Mrs. James Beatty, Mrs. Joseph Jenkins and Mrs. Guy McCown, joint hostesses, and Mrs. J. C. Brittain, Mrs. J. L. McElattie and Miss Grace McElattie will present a patriotic program of entertainment.

### ENJOY DINNER IN EDENBURG CHURCH

Covers were arranged for 55 for the dinner given Thursday evening in the Edenburg Christian church. The event was the culmination of an attendance contest which was begun by the Sunday school some weeks ago. The winning side were the guests of the losing side. Following the dinner the evening was spent socially and was featured with original contests and games in charge of the superintendent, Fred Coates, and Miss Bessie Hofmeister.

## HONOR NEW MEMBERS AT HIGHLAND CHURCH

## ENTERTAIN JOINTLY FOR RECENT BRIDE

As a courtesy to the many new members who were received into full membership of the Highland United Presbyterian church during the recent Christmas visitation evangelistic campaign, the congregation entertained at an attractive dinner and informal reception Wednesday evening.

Dinner was served at 6:30 in the church dining room by the Naomi Circle. Yellow and white tones were used attractively in the decorations. Covers were arranged for about 350, including a number of new members. At the close of the dinner the hours were spent socially with the young people in charge. Miss Alice Warner and Frank Breneman were chairmen of the committee. Games were enjoyed and a comic movie was shown. The entire affair was considered one of the most delightful yet together and social events held in the church during the past year.

### Twelfth Birthdays

Honoring the 12th birthday anniversary of Mary Ellen Lally, a number of guests were entertained in her home on Maryland avenue, Wednesday evening. The hours from 7 until 10 o'clock were spent with music and games.

Refreshments were served by the hostess' mother, Mrs. J. H. Lally, assisted by Miss Mary Lyler, and Valentine tones were used in decoration. The guests included Myrtle Mirscher, Emily Nicholson, Julia Coats, Ruth Richards, Margaret Howe, Virginia Walker, Jean Ritchie, Ruth Bell, Marie Moore, Betty Lally and Mary Ellen Lally.

## MUSICAL PROGRAM AT THIRD U. P. CHURCH

An attractive musical and mission program was carried out Wednesday evening by the M. C. Circle in the Third United Presbyterian church at the close of the prayer meeting hour.

Self-denial dollars were received for the purpose of completing the educational fund for a girl in India. A solo number was given by Miss Anne Hitchen and a piano duet by Mrs. E. A. McClure and Mrs. J. H. Koehler. The missionary program was carried out in charge of Mrs. E. J. Morse.

Refreshments were served by Section Two at the close of the program. The next meeting will take place at the Almira Home on Valentine Day.

## CLUB MEMBERS ARE LUNCHEON GUESTS

Mrs. Edward J. Davis was hostess at a prettily appointed one o'clock luncheon at The Castleton Wednesday for members of the Circulating Book Club. The table was decorated with cut flowers and covers were laid for eight guests.

Books were exchanged and the after-luncheon hours were spent informally. Announcement of the next meeting will be made later.

### Evening Party

Mr. and Mrs. Daniel Pagley, West Washington street, entertained a group of young folks in their home Wednesday evening. Games and music were the chief diversions.

Find Hospital Tested Method Quick, Pleasant and Inexpensive for Home Use

A pleasant taste—almost instant relief—then the joy of waking up after a refreshing night's sleep without the misery and risk one takes by neglecting a cold during this pneumonia weather.

This, briefly, is the experience of numbers of people in New Castle and vicinity. For doctors are advising home use of a hospital method that brings quick sure relief.

Geo. M. Roebeling, for example, had neglected his cold in the hope it would clear up itself. Instead, it got worse and congestion started spreading rapidly. Then he called his doctor, who advised Ayer's Pectoral, a compound of wild cherry, terpin-hydrate, etc., which is used in treating even the most extreme hospital cases. In an hour or so the cold began to clear up. The feverish "achy" feeling disappeared and in another day or so, the doctor reports,

there was no trace left of the cold.

Note: Other cases reported daily, all certified by attending physician.

Just a few pleasant spoonfuls of Ayer's Pectoral now and you, too, will feel like a different person to-morrow. Endorsed by all druggists.

## Madge Bellamy explains the growing popularity of Old Golds in Hollywood

"The 'hero' in a movie may easily become the 'villain' if he coughs at the wrong time. A cough isn't nice at any time, but when it interrupts the taking of a movie scene, it's a calamity! Re-takes are costly!

"The high tension of movie work makes smoking a vital relaxation. But we relax with OLD GOLDS.

They're so smooth, as smooth as the polished manner of Adolphe Menjou, who himself is an OLD GOLD fan.

"While they're the most enjoyable of cigarettes, OLD GOLDS mean absolute 'fade-out' for throat-scratch and smoker's cough."

## MISCELLANEOUS SHOWER HONORS RECENT BRIDE

Miss Sara Ann McIver, entertained members of the Modernistic club in her home on Edison avenue, Wednesday evening, at a miscellaneous shower in honor of Mrs. Russell McConnell, a bride of recent date.

Various informal pastimes were enjoyed during the evening. The guest of honor was presented with a number of hearts on which were written verses directing her to different parts of the home where gifts were concealed.

Tall pink tapers and a bowl of pink roses decorated the table where dainty refreshments were served by the hostess, assisted by her mother Mrs. W. B. McIver, and Mrs. David Leonardson.

Announcement of the next regular meeting will be made later.

### G. K. W. Club

Members of the G. K. W. Club were entertained Wednesday evening in the home of Mrs. J. M. Edwards, Garfield avenue. The hours were spent socially with cards and music. Mrs. Laura Johnston was a special guest.

Valentine suggestions were used in decorations and the hostess was assisted in serving by Mrs. A. W. Scott and Mrs. J. P. Francis.

The next meeting will be in the home of Mrs. Minnie Dufford, Crawford avenue, in two weeks.

### N. C. Hospital Club

## SALARY FOR CITY TREASURERS

A BILL has been presented to the state legislature to provide that instead of being paid a commission, city treasurers shall be paid a salary, which shall be a fixed sum.

It is the contention of many citizens that too much of the taxpayers' money has been paid out to those who collect the taxes, and they will heartily agree that placing the treasurer on a fixed salary would be a commendable move, and one that would mean a saving of some funds that would otherwise go for commissions.

On the other hand there are those that argue that the commission basis was established for the compensation of tax collectors would be energetic in getting every cent of taxes that was collectable. They argue that there might not be as much tax collected if the treasurer did not get a commission.

We are rather inclined to believe that the fixed salary for the city treasurer would be the best plan. The treasurer would still be under bond, and would be required to get exoneration from council for uncollected taxes, so that the council would know whether or not he was doing the work required.

## WHY WE LAUGH

Men and women laugh because they are happy or amused. This, at least, has been the universal theory; but a London psychologist comes forward with the self-contradictory theory that the really happy man never laughs and that the unhappy man cannot laugh. According to this authority, the laugh is a hideous grimace, the smile alone being beautiful and permissible.

It all depends on who does the laughing, whether it is beautiful or comparable to the snarl of the hyena. Perhaps it is because we are so used to laughter, thanks be unto Infinite Wisdom, that these dicta will strike most of us as the twaddle of a seeker for notoriety. It is true that there are all sorts of laughter, some of it unpleasant and some aroused by a sense of the ludicrous, but in its more welcome sense the word betokens harmless merriment and a reflection of the charm and beauty of living.

## THAT MEETING IN THE SOUTH

THERE was something cheering and wholesome about the meeting between President-elect Hoover and former Governor Smith in the south. It was a face-to-face greeting between the victor and the vanquished, and both conducted themselves in a way that must be gratifying to every decent American citizen. In the fistic encounters which are now so popular in most of our cities it is the custom of the fighters to shake hands before and after the battle; and that is precisely what has been done by the two distinguished contenders for the presidency.

The last campaign was one of the liveliest we have had in this country for many years.

Now that it is all over the defeated candidate bows to the will of the majority and wishes his rival a wise and successful administration. We may differ on many important issues; we are all agreed that the people should have the rulers they wish. Every four years we get heated up and fight hard; but it is a battle of ballots only and the outcome is accepted by all who believe in the wisdom of our form of government.

## A FINE MEMORIAL TO MR. AND MRS. COOLIDGE

WHAT is known as the "Coolidge Endowment Fund" for the Clarke School for the Deaf in Northampton, Massachusetts, already amounts to \$1,500,000; and, as the goal is but \$2,000,000, it will certainly be attained in a comparatively short time.

Mrs. Coolidge was once an instructor in this institution, and by a happy thought the fund is to serve as a memorial to President Coolidge and Mrs. Coolidge.

It is difficult to conceive of anything which could appeal more powerfully to the president and his wife. The fact that noted men throughout the country have been eager to join in the movement shows how effectively it has appealed to the popular imagination.

Trouble — Spanish, Mexican.  
Which Bank Biggest?  
Uncle Sam Raises Germs.  
Lady Heath Joins Us.

By ARTHUR G. BRISANE  
(Copyright, 1929, King Features

Primo De Rivera and his king, Alfonso of Spain, have a rebellion on their hands. There is always rebellion in Catalonia. Always singing "Weep, Weep, Catalonia!" But this latest rebellion is said to have spread over all Spain, affecting the army. Alfonso breaks all speed laws, plays a hard game of polo, enjoys bull fights, always smiles and is popular. De Rivera is not so popular. Not everybody can do what Mussolini and Kemal Pasha can do.

Trouble continues in Mexico. "Rebels" dynamite a passenger and freight train. Three bombs demolished the engine and an armored car filled with soldiers was overturned. A religious war is a bitter war.

British Columbia police, with "tear gas" bombs, captured 10 "Doukhobor" religious fanatics. Doukhobors think Providence doesn't want them to wear clothes, even in zero weather, call themselves "Sons of Freedom" and refuse to dress their children for school. All religious ideas should be respected, but sometimes they put men off the track.

Which is to be the country's biggest bank? The National City of New York leads now.

The American Exchange Bank-Trust Company, headed by President Harry E. Ward, recently moved up to fourth place. Now there is talk of creating a two billion dollar bank by merging the Guaranty Trust Company and the Bank of Commerce.

Between them these two banks would have more than two thousand million dollars.

What Charles E. Mitchell, head of the country's biggest bank, would do if the first place were taken from him remains to be seen. He probably would do "something." The \$1,000,000 Stock Exchange seal will come due this also the \$1,000,000,000 investment trust, and the \$3,000,000,000 bank. What would Andrew Jackson think of that? "By the eternal!"

Uncle Sam will raise influenza germs, try them on animals soon, possibly on humans later, seeking a remedy. The Rockefeller Institute has been busy with those germs for some years.

The difficulty is to isolate the individual germ that causes influenza. Scientists only know that it is a germ small enough to pass through a porcelain filter.

Influenza germs don't like fresh air or the juice of oranges. So have plenty of both.

This country, fortunate in many things, reports a considerable drop in the number of influenza cases.

The disease is spreading in Great Britain. In Glasgow the unemployed have been put to work helping grave-diggers. Six hundred and fifty-four died in one week.

Lady Heath, wife of Sir James Heath, a brilliant female flier, turns American, takes the oath of loyalty to Uncle Sam, and says she doesn't care what her husband thinks.

The first airplane timetable, published by the American Air Transport Association, is a 12-page folder, giving information about flying time in 80 American cities.

Commercial airships fly "weather permitting." Once railroad time tables carried the words, "trains will leave, weather permitting." Now all trains and the air mail laugh at the weather.

Soon passenger planes will defy storms, as do express trains and steamships.

Mr. Whalen, New York police commissioner, wants big, high-powered cars for his policemen. Criminals have big cars and policemen should be as well equipped, says he.

To impress criminals, big cars may be needed. But to catch them, the small car is the thing.

A good small car, doing 60 miles an hour or better, fast enough for a crowded city, will overhaul any big car, unable to dodge in and out of traffic.

Experiment will prove that a small, fast car, with bullet-proof windshield, is the best police car.

WHEN I AM GONE

Franklin Bluffing

These are the words I left unsaid for thee to read when I am dead: Shout not for me one sorry tear. Nor give thy mind to lonely fear. Grant all the love I had to give. Deep in thy heart shall ever live. And all the little wounds I gave. Go deep with me into the grave.

Let Hands that closed upon my breath Dry tenderly thy tears at death. And bring to thee the gentle thought That only love like thine can wrought. And face the best with iron bands. And toss the worst on desert sands: Thus will the years our love increase. And draw us close in perfect peace.

From Bob Simon, The New Yorker's music critic, comes these few bits of slang. A "maestro" is any musical director who does not speak good English. (Ben Bernie calls himself a maestro, incidentally.) To ride the board is to take charge of the controls in the monitoring room. Ears is either side of a double microphone. A wife tucker is a morning program designed to please housewives. Spot program is a program built around an expensive personality. Hot shot program is a lavish presentation by an advertiser who has purchased "time" only once rather than a term of weeks. Sustaining program is a bit presented by the broadcasting station as opposed to a commercial hour sponsored by an advertiser, and ball is something offered by the announcer to entice fan mail.

With the additional cruises according to the PROVIDENCE BULLETIN (Ind.), "The United States will have not only an adequate guarantee of defense on the high seas, but will also be in an improved position when the next suggestion is made for another conference on the limitation of naval armaments." Maintaining that "progress and prosperity for nations are won while only war is founded on strength and enduring quality," the CHARLOTTE NEWS (Ind.) marks as to the protection offered by the Kellogg peace pact that "experience teaches that nations, like men, often stray from the paths of peace and good will."

In arguing for the existing need, the CHICAGO DAILY TRIBUNE (Rep.) says: "The United States is committed to a policy of peace which is dangerous for an unprotected country. Such attempts require a navy strong enough to command respect. It is not the navy which is provocative. It is the peaceable activity which enters the dangerously competitive field." The MANCHESTER UNION (Ind. Rep.) holds that "the proposed cruises are needed on the score of reasonable preparation for the national defense, and that it is not a question of a first hold on the public mind."

Agreement that "until there is a better understanding regarding the rights of nations upon the seas, the United States should not let its naval power decay" is indicated by the SAN BERNARDINO SUN (Rep.) and the WATERLOO TRIBUNE (Ind.) states that "our pacifists are the only people in the world who think war is done for" with the added vein: "They would have us impotent. Child-like faith!"

On the other hand the CHARLES-TON EVENING POST (Ind. Dem.) contends: "It should not be necessary either to lay down the keels or even to authorize the designing of cruisers in order to impress the British with our determination to match them in maritime strength. If we need the cruises for such a purpose, we need them for a better reason than we could find to consider even designing them."

"Desistly and rather bombastic debate" on the bill is seen by the ROANOKE WORLD-NEWS (Ind. Dem.), with, however, the statements:

"He dreams a bit and laughs a bit. Meets care and makes the best of it. And tries, unto his journey's end, To play the neighbor and the friend."

He has no strange philosophy. Of what is right and wrong. He doesn't think life ought to be. An endless round of song. He knows that each must earn his share.

Of bread and meat and clothes to wear. That little gardens must be made. By men who toil with hoe and spade. He knows that man will never ease. The day when work has ceased to be.

The man of decent mind goes on. To do the best he can. He knows that everybody's about. Care dogs the steps of man. That grief must come to one and all. Who tread this strange old earthly ball.

He knows that those who cheat and sin. No lasting comforts ever win. So conscience clear and head erect. He works and keeps his self-respect.

THE ORDINARY MAN

He whistles as he goes to work. The man of decent mind. It isn't in his heart to shrink. A task of any kind.

He doesn't grumble or complain. That all is wrong when God sends rain.

He dreams a bit and laughs a bit. Meets care and makes the best of it. And tries, unto his journey's end, To play the neighbor and the friend.

## Lines Of Public Opinion Drawn As Congress Battles Over Navy

# Capt. George Fried, heroic rescuer, says: "Reach for a Lucky instead of a sweet."

"AN S.O.S. from the 'Florida'! We change our course. We on the 'America' strain to arrive in time to rescue the men on their sinking ship, 350 miles away. Through the icy, freezing storm and high seas we plunge on—all speed ahead! Then the night-time rescue, the search lights, the whirling waves, the manoeuvring to get near the 'Florida'. Finally, the 'Florida's' crew coming off one at a time, pulling themselves through the water on the line our men had thrown them.

"These 32 men, dazed, many half clothed, needed reviving after their long exposure. Hot coffee, food and Lucky Strikes—these gave new life to many of them and we on board the 'America', crew and passengers alike, found after the strain and struggle that there was nothing quite so comforting and relaxing as the inviting, toasted flavor of Lucky Strikes.

"Playing this game with 'Davy' is ever fascinating, ever thrilling. And we who follow the sea must be ever ready for adventure. Ours is an active life, demanding nerve control and physical fitness. In my health program I have found that Luckies are most important not only because they provide a respite for frazzled nerves and an exhausted body but because whenever I crave anything which is over-fattening, I say to myself, 'Reach for a Lucky instead of a sweet'. In the toasted flavor of Luckies, I get complete satisfaction. And I find that toasting, by removing the irritants, protects my throat."

**Note:** Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during the year 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

## Secrecy Guards Details Of Marriage Plans For Girl To Wealthy Invalid

INDIANAPOLIS, Ind., Jan. 31.—Newspapermen were persona non grata at the home of Major Henry McConnell here today, where his daughter, Ruth, was preparing to wed Kenneth B. Coulter, 43, wealthy invalid of Rochester, N. Y.

The marriage ceremony, according to all indications, was to be held today. The license was issued Tuesday evening.

"I have absolutely nothing to say to the press," Major McConnell declared emphatically and belligerently to reporters in answer to queries about the wedding of his daughter, who attracted nationwide attention December 20 and 21 by fleeing and being pursued across the continent in an airplane. Reports had it at that time that she was fleeing from an unwise love affair with a man named Coulter.

The granting of the license here to Miss McConnell and to Coulter, reopened the mystery of Miss McConnell's flight from Rochester to San Francisco and the airplane pursuit.

## Lumber Company Fire Is \$100,000 Damage

SCARANTON, Pa., Jan. 31.—Damage of more than \$100,000 resulted today when fire destroyed the yards of the Old Forge Lumber company in Old Forge Borough near here. Several buildings in the yards fell prey to the flames that shot high into the air and could be seen for miles.

Union Meeting.  
Union services conducted under the auspices of the Ministerial Alliance recently in the Bethel A. M. E. church was largely attended. The principal address of the service was given by Rev. W. W. Nelson, pastor of the Second Baptist church. Rev. Nelson spoke on the subject, "Is The Church Worthy of Our Support?" Music by the community chorus was an outstanding feature of the meeting. The next union meeting will take place the fourth Sunday in February in the Union Baptist church. Rev. W. L. Engman of St. Paul's Baptist church will be the speaker.

Valentine suggestions in red and white tones were effectively used in decorating for the party Tuesday evening of the Elm Street Y. Bible class. Thirty-five were present. Each member of the class had the privilege of inviting two prospective members to the class party. There was a program, devotional were in charge of Randolph Baker. The lesson was in charge of the teacher of the class, Mrs. Julia Woodson.

Following the program the evening was spent in social chat and Bible games in charge of the branch secretary, Miss Rosa E. Brown. Later delicious refreshments were served by the committee in charge comprised of Miss Lula Mae Franklin, Miss Thelma Watkins, T. E. Stuart. Valentines were favors.

Twelve new members were added to the roll of the Bible class, Mrs. Laura B. Russell is president of the class.

Bethlehem Class.  
Bethlehem Bible class of the Second Baptist church will meet at the church Friday evening at 7.30. Rev. W. W. Nelson will be the teacher.

## Bride Of Week Slain

Bride of one week, Mrs. Christopher E. Cullen's body, riddled by seven bullets, was found in a field near Hingham, Mass. Search was made for her husband, a chauffeur of East Weymouth, who was once held at a state hospital for a sanity test. Mrs. Cullen was formerly Miss Cora Jacques, of Lowell.

## Completing Plans For Dedication Of Wampum Viaduct

While plans for the formal opening of the Wampum viaduct are not quite completed, the general outline of the plans are made known. Because of the inclement weather, there will be no speaking on the viaduct. A parade of motor cars will probably go over the viaduct from Wampum to Ellwood City, after which a dinner will be served in Wampum. It may be necessary to hold this dinner in two places as facilities are not quite adequate for handling a large crowd at one time.

Following the dinner a speaking program will be held in the auditorium of the Presbyterian church. Attorney John P. Lockhart who is solicitor for the county commissioners will speak for that body and Judge Wilson will speak for the borough. Following them will be a number of county and state officials.

Sixty-nine buildings are completed each day in New York, but you can't make a man who is having a house built here believe it.

## Don't let Rheumatism make an invalid of you. S.S.S. stands ready to knock it out.

THOSE muscular pains, commonly called rheumatism, are generally due to a run-down condition, with the number of red-blood-cells below the normal count.

S.S.S. aids the system in building up these red-blood-cells and in getting rid of the condition of which the rheumatism is but a symptom. The body becomes strong and disease-resistant, and the rheumatic pains go.

Pains in your muscles and joints make you miserable, less efficient, interfere with your working hours, ruin your sleep. If al-

lowed to continue, as the years pass the danger increases. But what a change with rich, red-blood-cells in your body—Nature's building material—making the flesh firm—giving strength to the vital organs.

You can't rub rheumatism out. It is deeper than that. It must be knocked out. And the sure way is by helping the fighting blood—the red-blood-cells!

Increase your army of "workers" (red-blood-cells), and those muscle and joint pains, commonly called rheumatism, vanish. S.S.S. has brought this change about for thousands. Why not for you?

"After suffering several years, six bottles of S.S.S. completely relieved me of rheumatism. It also cleared up a skin eruption and gave me a good appetite. I think S.S.S. is a wonderful medicine." R. L. Busie, Southern Railway, Knoxville, Tenn.

"I was very nervous, had hardly any appetite, and suffered with rheumatism. I tried many medicines, but S.S.S. is the one that did me the most good. I am now well, and feel like a new man." William Osborne, 2406 Sloan Street, Flint, Mich.

## Rev. Landis Announces Messages For Month

Rev. George M. Landis, pastor of the First Baptist church, has announced the following subjects to be discussed at the evening services during the month of February:

February 3, "A Great Jail Delivery"; February 10, "Is a Short Life and a Merry One the Shiner's Lot?"

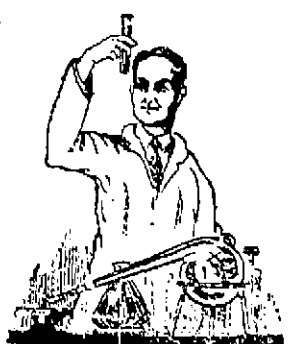

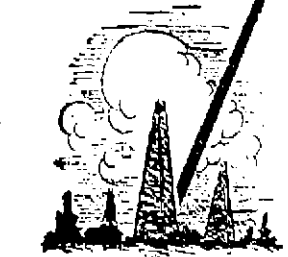

February 17, "Is Healing of the Body Included in the Atonement?"; February 24, "Is It a Sin for the Christian to Take Medicine?"

### CHURCH COMMITTEE AUDITS PARISH BOOKS

## Missionary From India Speaker At Hoover Heights

Miss Mable Graham Gives Impressions Of Christian Work In Far East

Annual missionary convention opened last evening at the Hoover Heights Tabernacle with a large attendance. Miss Mable Graham of India, was the speaker. The remainder of the party will arrive today from Malaya and be present for the service this evening.

Miss Graham first gave some of her impressions as she came to the shores of India where things are so different from all she had been accustomed to in America. The pathetic, saddened and cheerless faces of the children, especially impressed her. They are so different. They do not know how to play, and later as she tried to teach some of them how to play, as her work is with the women and children, found it was most impossible. There was no response of joy in them. So long have they been held in the awful sin and bondage, that all response to the better things, and happiness seems to have gone from them. While all children in this land are not even of Christian homes, they reap many of the benefits of being among many Christians. She told of a beggar they met that first day, naked, except for a loin cloth, hair long and matted with filth, his body never having been washed.

In contrast with these things, she had a much different sensation as she arrived at the Akola station and went to the service in the church. About 400 native Christians were assembled, worshipping Christ. Their faces and manner were so different. Joy beamed from all their faces.

She then told of her work among the plains people, especially telling of the two upper classes, the educated and the farmers. She referred to one old couple who were reached on a tour on the mountains, who later came to the station and accepted Jesus, went back and stood true among much and great persecution. Rev. C. C. Bannish of Secunder, will bring missionary findings tonight and Rev. B. P. Armstrong will also speak. There will be special music.

## GROVE CITY

GROVE CITY, Pa., Jan. 31. — Miss Gienna Robbins, who has been engaged by the school board as a teacher, will take the place vacated by E. S. Hassler on the high school faculty. Mr. Hassler resigned his position a few days ago to take over the management of the Grove City Printing company.

Miss Robbins was expected to teach in the seventh grade. Miss Ruth Bryant will take the place of Miss Robbins in the grade.

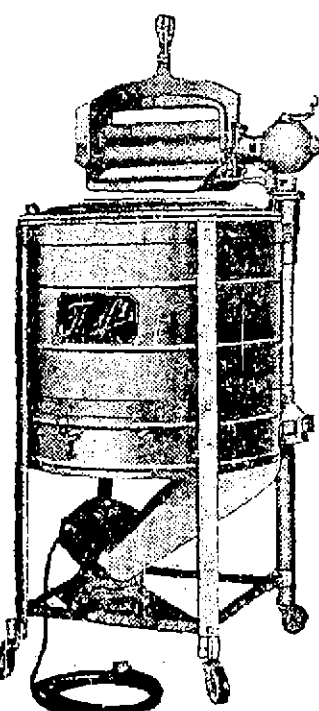

The annual stockholders meeting of the Grove City Building and Loan association took place Monday afternoon. John McCune, Jr., and F. P. Smith were re-elected directors of the organization for the coming year.

Officers of the different branches of the Women's Foreign Missionary societies of the Grace Methodist Episcopal church will be the guests at a thirteen dinner at the home of Martha Robinson this evening. Miss Robinson expects to sail for East Africa the last week in February. An interesting program has been planned by the president, Mrs. D. A. Perrine.

The League of Women Voters held their postponed meeting this afternoon at the home of Mrs. R. B. Donaldson, Pine street. Mrs. Ellis Robinson spoke on the Kellogg Peace Pact, Mrs. T. A. George of North Liberty, spoke on the lame duck Congress; and Mrs. H. R. L. Anderson gave an address on the state legislature.

Mrs. Sara Dobson had charge of the music. After the meeting the entertainment committee, composed of Mrs. J. D. Hoffman and Mrs. H. B. Bastrass, served tea.

EVERY KICK A BOOST "Cluck," cried one of the older turkeys, and at this signal the oldest and fattest turkeys rose into the air and took flight for the opposite shore. "Cluck," cried the leader of the younger turkeys, and then they, too, took to their wings, but as the boy watched he saw one after another drop into the water. "Oh, they will be drowned!" cried he, Gobbler chuckled. "Not they, my boy. Every one of them will reach the other side in safety."

And they did. Bringing their wings close to their bodies and spreading out their tails like rudders, they kicked their legs as hard as they could, and soon they had reached the other bank and clambered up to dry land.

Now it was time for a second group of the turkeys to cross the stream and it was to this group that the bonyard Gobbler had added himself. But when these reached the water's edge they seemed in no hurry to go a bit further. Up and down the bank they strutted, stretching their long necks over the water and twenty times Peter was sure they were going to make a start and twenty times he was disappointed.

Gobbler was just as silly as his friends of the Wilds. First he would cock his head upon one side and take a long, long look at the water. Then jerk! jerk! jerk! Up and down would he bob his head so many times and so fast that Peter thought he must have lost his senses.

Just as he began to fear Gobbler was never going to stop bobbing, the fellow would cock his head upon the other side and stare again at the waves, and once more his head bobbed up and down as if it had been fastened on to a string that some one was pulling.

All the while that he was acting so queerly, Gobbler kept muttering to himself, and the boy, bending down to listen, discovered that he was saying in an undecided voice:

"I think I'll cross. I don't believe I will! I must follow the others! What if I should stay right here! I think I'll fly! I believe I'll kick! I think I'll go over right now!" But the silly Gobbler didn't make a move. Noticing that all the other turkeys on his side of the stream were acting in the same manner at last the boy's curiosity got the better of him. He could stand it no longer. He poked Gobbler in the ribs, and with no gentle finger.

## AVOID UGLY PIMPLES

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil. Know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. "Take tablets for a week. See how much better you feel and look." 25c, 50c, etc.

## Father O'Shea Leaves For His New Parish

Rev. F. F. O'Shea, pastor of St. Mary's Parish for the past twenty-three years, left early this afternoon for Pittsburgh, where he will at once assume his duties as pastor of St. Peter's Parish, North Side, Pittsburgh. His departure is the cause of deep regret to his thousands of parishioners and friends, who, however hope, that he may have a very pleasant and successful pastorate in his new location.

## PHYSICAL LEADERS TO ATTEND MEETING

108 EAST WASHINGTON STREET, NEW CASTLE, PA.

Mrs. Fred Stark and sister have concluded a trip to Chicago.

Very icy roads have prevailed in this district the past week making it hard for motorists getting along.

Mr. and Mrs. Gilbert Coblenz and family of East Palestine visited at the home of E. Coblenz Thursday evening.

Elmer Coblenz and Mrs. Zimmerman visited the former's daughter Mrs. Geo. Morrow near Springfield, Ohio, Friday.

New Castle visitors Monday were: Wm. Zich, Carl Renner, Mr. and Mrs. Clarence Marshall, James Houston, Jas. Dutch and Walter Shurlock.

Mrs. Leona Simpson of this place and Grant Badger of Alliance, Ohio, were united in marriage at Chicago on January 17. They will make their home in Alliance.

The local teachers were recently entertained at dinner at the home of Mr. and Mrs. Elmer Karanagey. After enjoying a sumptuous dinner, games and music formed the evening's amusement.

Reservations for the annual Potato Growers' banquet are being made. This affair of unusual interest to potato growers in Lawrence County will be held in the Westfield Grange hall on February thirteenth. At six o'clock a full course dinner will be served to all who have mailed their reservation cards. Following the dinner a number of lectures concerning potato growing and selling the crop will be delivered by eminent men.

Now when the busy day is done And I have laid me down to sleep, I see those little lit clad feet. Of little lad and little lass Upon the street I changed to pass.

I told the Lord if there was ought Of anything that I might do My Lord I give my life to thee. My all in all belong to you. Go clothe those little feet said he. As you do for them, you do for me.

# Have Farm Show At Westfield Grange

Second Annual Westfield Farm Products Show Occurs Wednesday

J. R. Haswell Of Penn State College Makes Address At Evening Meeting

With approximately 75 exhibitors and some 250 people attending either the afternoon or evening sessions, the second annual Westfield farm show, which took place Wednesday in the Grange hall on the Zion-Mt. Jackson road, scored a decided success in the portrayal of the community's farm products.

The poultry and household arts and science displays were undoubtedly the greater exhibits, according to reports, though the various other farm products listed under different classifications were exceptional.

The show started at one o'clock in the afternoon. The time until evening was spent in judging and viewing the numerous products which were displayed. Judging was done by E. J. Walters, extension agronomist from Pennsylvania State College; Miss Janet Wrathall, local home economics worker, and C. M. McCormick of New Castle.

## Evening Program

The evening program consisted of several educational motion pictures pertaining to farm life and developments, and two talks by J. R. Haswell, agricultural engineer from Pennsylvania State College. Mr. Haswell spoke to the gathering on "Rural Electrification" and "Land Drainage." Music interpolated the program.

The committee in charge of the show consisted of H. L. McCurley, chairman; H. E. Emery and W. S. Fullerton. These men were assisted by County Agent Harold McCulloch and persons in charge of the different departments of the show exhibits. They follow: J. A. Dawson, Mrs. Willis Gwin, Mrs. W. J. McKee, Jay Fullerton and S. B. Hayes.

The show was open to everyone in

the community and in the county who desired to exhibit. No charges were made for exhibits or admittance and prizes awarded were ribbons.

A number of farmers from practically every district of the county and a few neighboring counties were present to witness the exhibition.

## Declares Horses Are Still In Real Demand Here

John G. Yeek, 1001 Moravia street, who does an extensive hauling business in this city, takes exception to the recent statement of Bernard Hanlon of the New Castle Motor club, that horses are about a thing of the past in this city, and that there are but few horses in the city at the present time.

According to Mr. Yeek, there are at least sixty-eight horses in the fifth and eighth wards alone, that he knows of, and there are many others still used throughout the city.

Just to prove his contention about the fifth and eighth wards, he states that Louis Shearer has seventeen head of horses, the People's Ice Company 14, he himself 6 and the Polish Bakery 5. There are many others who he knows of who have at least one or more horses at the present time.

John believes there is still plenty of room for horses to do work and that it will be a long time before the condition said to exist by Mr. Hanlon has become a fact.

## Bellevue Official Is Found Guilty Of Extortion Charges

PITTSBURGH, Jan. 31.—Wallace L. Baker, justice of the peace of Bellevue, today was found guilty of extortion on six counts, and malfeasance in office, by a jury in criminal court.

The verdict was handed down after the jury was locked up for more than four hours deliberation yesterday.

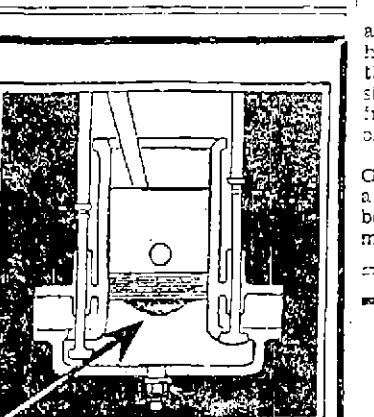

Constable E. V. Stokes, tried jointly with Baker, was ordered acquitted by Judge J. Frank Graf. The two officials were charged with irregularities in prosecutions against slot machine racketeers.

## Set Trial Date For Oklahoma Governor

## New Kensington Banker Ordered To Pay Alimony

PITTSBURGH, Jan. 31.—Michael Berardino, wealthy New Kensington banker, today was ordered to pay his estranged wife \$5,000 within thirty days and give her \$900 monthly alimony in an opinion handed down in county court by President Judge Richard A. Kennedy.

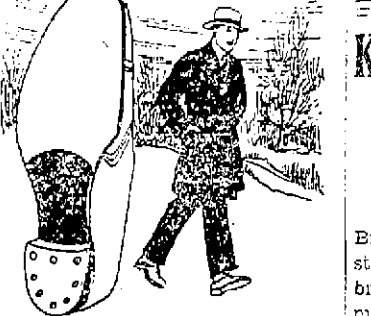

Mrs. Berardino testified that the banker forced her out of their home with threats against her life. They were married in 1916 and have an 11-year old child in school at Baden.

## To Re-arrest Auto Driver For Theft

BUTLER, Pa., Jan. 31.—When John Snyder 27 of Springdale is released from the Butler jail today after serving five days for driving an automobile without a driver's license he faces a more serious charge. When Snyder is given his freedom he will be arrested under a warrant held at the sheriff's office in which he is charged with stealing an automobile from Dr. C. W. Townsend of Apollo.

Snyder was arrested last Saturday at Rose Point near New Castle when he was caught trying to commit a theft. Paul Miller operator of the station held Snyder until state police from the Butler barracks took charge of him.

When committed by Alderman George R. Kearns for driving without a license Snyder is said to have boasted that he had driven an automobile for 20 years without a permit.

## Kansas Girl Is Now Improving

PERRY, Kas., Jan. 31.—Margaret Brown, 7 years old, continued her steady improvement today and was breathing naturally and smiling more frequently.

Her physicians decided not to give her more oxygen, which has made it possible for the child to fight off pneumonia for 12 days.

A. W. Schuberg and Dean Way, Topeka firemen, who answered the Mercy call sent out by Margaret's,

doctors when the child first became ill were still at the bedside.

"Margaret is getting along fairly well," a physician said, "she still is in danger, however, it is hard to say when the danger point will pass."

**Splendid Recipe To Stop A Cough That "Hangs On"**

The best cough remedy that money could buy, can easily be made at home. It saves money and gives you the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs and chest colds, giving immediate relief, is astonishing.

Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle, and fill up with plain granulated sugar syrup or strained honey. It's no trouble at all to mix, and when you once use it you will never be without it. Keeps perfectly and tastes good—children really like it.

It is surprising how quickly this home-made remedy loosens the general phlegm, and soothes and heals the inflamed membranes. At the same time, it is absorbed into the blood, where it acts directly on the bronchial tubes, and helps the system throw off the whole trouble. Even those severe coughs which usually follow the "flu," are promptly cured.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in refined, palatable form. Nothing known in medicine is more helpful in cases of severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

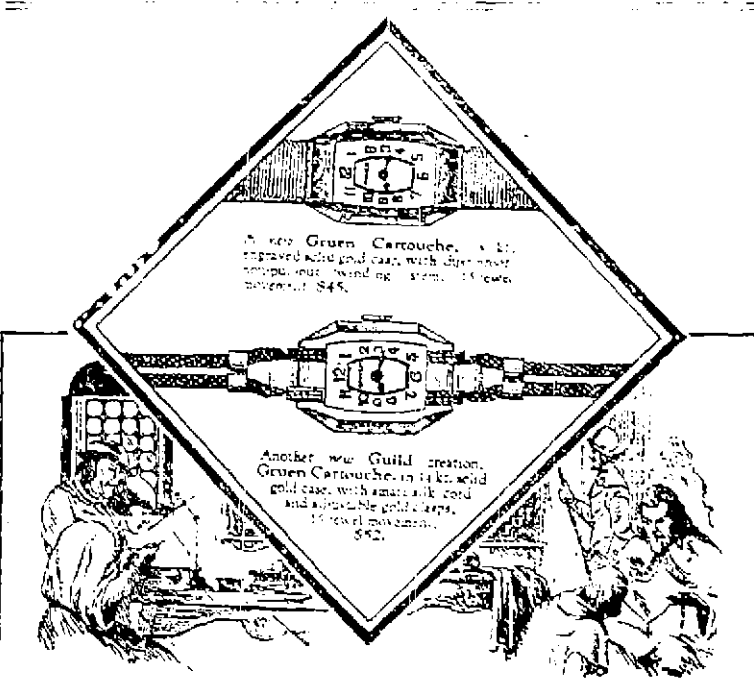

**Pimples and Blackheads Affected Face. Healed by Cuticura.**

"My trouble began with pimples and blackheads that affected my face. The pimples were in blotches and very red. They itched and burned and nothing seemed to relieve them. The trouble lasted about eight weeks.

"I tried other remedies but they did not help me. I began using Cuticura Soap and Ointment and after three applications the pimples started to dry up and disappear. I continued using them and in about three or four weeks I was completely healed." (Signed) Miss Jessie Donmoyer, 203 N. 5th St., Allentown, Pa., Aug. 22, 1923.

## Missing Child Believed Dead; Hunt Continues

Hundreds Of Citizens In West  
Terre Haute, Ind., Seek  
Missing Girl

### BLOODY NEWSPAPER SACK DISCOVERED

Believe Young Girl Victim Of  
Fiend; Has Been Gone  
Since Sunday

TERRE HAUTE, Ind., Jan. 31.—Despite the heavy snowstorm more than 100 citizens of West Terre Haute promised to resume the search today for pretty 10-year-old Edith May Dierker, little news carrier, who has been missing since Sunday and who it was feared has been kidnapped and slain. The missing girl, blood-stained newspaper bag has been found beside a highway near Paxton, Ind., 32 miles south of here.

A mass meeting was held at the Bethany Congregational church at West Terre Haute, a 3500 fund was raised for a reward for the girl's return dead or alive.

The first incident in the case was furnished by Clarence Brothers, a local grocer, who said that the Dierker girl bought some chewing gum at his store Sunday and then drove away with a strange man. A Paxton coal miner later reported that he saw a car answering to the general description of the car in which the missing girl was seen by Brothers, stop on the Dixie highway and the driver throw out something. It was near this place that the blood-stained newspaper bag of the girl was found by W. W. Rogers of Paxton.

More than 500 men anxiously searched the low lands around Paxton yesterday and dragged two creeks for the body.

## Should File Blanks For Compensation

No time should be lost in getting adjusted compensation blanks into the veterans bureau at Washington, D. C. according to an official of the Lawrence County American Red Cross chapter.

This time limit for all such applications through action by the last congress was extended until January 1, 1930, but nevertheless it is important that the matter be taken care of immediately. The local chapter of

the Red Cross stands ready to assist those who might care to take advantage of that organization's service it is announced.

The panda bear or parti-colored bear of Tibet is the rarest of all the bears. It has seldom been seen by anybody anywhere. The general color is white but the eyes are surrounded with black rings, the small ears are black and the shoulders are marked by a transverse stripe of the same color gradually increasing in width as it approaches the fore-limbs. All four legs are black. Practically nothing is known of its habits though it is said to feed on bamboo and certain vegetables.

Newport News, Va.  
August 1, 1862.  
Burnside's army corps moves at once—don't know where. We have orders to reduce our baggage to fighting weight and abandon all useless stores. Reno's troops go on board tonight. We go tomorrow night.

DANIEL LEASURE.

Steamer Transport Atlantic.  
August 5, 1862.  
I have my entire brigade aboard this steamer and a large schooner in tow. We are disembarking as fast as we can and taking rail to Fredericksburg, where we join Pope's army, as supposed, although we get no information in regards to movements until the order comes to move.

DANIEL LEASURE.

Fredericksburg, Va.  
August 8, 1862.  
We are to cross over the Rappahannock this morning and take up a position in front of Fredericksburg against "Stone Wall Jackson," who threatens us on that side. Am taking the 79th and 100th this morning and will take over the 46th this afternoon. We go on picket.

We have a change of brigades and the first division is composed of the 100th Pennsylvania, and the 46th New York, and I command it. Our pickets are in right of the enemy, a few miles out and we expect an hourly conflict.

DANIEL LEASURE.

Camp on Sligo Hill,  
Near Fredericksburg,  
August 12, 1862.

We are under marching orders and have sent all our extra baggage to the rear, taking only three tents to a company. Fighting is going on somewhere near Cupepper court house to day, as we hear cannonading in that direction. We are picketing very near the enemy and as my brigade is in direct line with Bowling Green and Richmond, we get the deserters from the Rebel army. One just now brought in states that he came from Petersburg and that the soldiers are deserting rapidly from that point. We have been re-brigaded and as senior officer, I command the first brigade comprised of the 100th Pennsylvania, and the 46th New York, the 79th New York having been placed in the third brigade.

The following is an abstract from an order which I have just received: "Colonel, have your brigade attack their arms on the colour and be

ready at a moment's notice for anything that may occur."

Here are orders to march at six o'clock this evening.

Cool Springs, Va.  
August 17, 1862.

We arrived here yesterday morning. We are only about 35 minutes from Fredericksburg, but we marched about 70 miles to get here, having a courier for some purpose I do not understand. Marching orders to move at once. Do not know where.

DANIEL LEASURE.

Kirkwood Hotel,  
Washington, D. C.  
September 1, 1862.

I have just arrived from the front where I was wounded on Friday evening by a bullet below the knee. The wound is not much of a matter. It does not hurt me of any account and is not in the least dangerous. My horse was shot under me and he reared and wheeled around and a shot struck me in the calf of the leg. A few minutes before Gordy received a slight touch on the knee but the bullet passed into his horse and crippled him. Gordy is safe and sound and takes care of me. I will leave tomorrow or the next day to have the ball extracted. I would go on at once but want to see after my wounded men who are all sent to the rear. Captain Brown of Company G is killed and so is Captain Templeton of Company A. Captain Van Gorder has a horrible wound in the arm and shoulder. Captain Oliver of Company E is slightly wounded in the leg. Lieutenant Blair of Company G is wounded in the leg. So is Lieutenant Patton of Company F in the head, arm and leg. Lieutenant Rayen of Company G is supposed to be killed. Lieutenant Kurt of the same company is badly wounded. Major Dawson is wounded in the hand and his horse shot. Lieutenant Spence of Company K is probably mortally wounded and Lieutenant Maxwell of Company E is badly wounded. Charley Watson is no doubt killed, as most probably is Evan Morris of Company K and about 50 others are killed in our regiment. John Cannon is wounded and Billy Watson and about 150 more of the regiment. The loss is killed, wounded and missing in the two battles we fought Friday will reach about 200, and of these one hundred are either killed or severely wounded.

All the wounded are sent to Washington and ample measures are taken for their accommodation. I shall have an interview with the Secretary of War this afternoon and then go home by the way of Philadelphia. I shall probably reach home the last of the week. Meantime, don't be uneasy about me. I keep my feet, or rather one foot of my own and two of Gordy's about me. I have not received a letter or word of news from you or anybody else since the 10th of August, and that was an old letter. We have marched too constantly and too rapidly for any mail to catch us. I will try and get leave for Gordy to go home with me if possible. I will write again more definitely tomorrow. This week must settle the fate of Jackson's army one way or the other. My only regret is that my wound will not permit me to remain on duty until the bloody end.

## Be Ready

## When your Children Cry for It

Baby is likely to wake you any night with that sharp cry which means just one thing—colic! Be ready. Keep a bottle of Fletcher's Castoria in the house. A few drops of this pure vegetable, pleasant-tasting preparation comforts a colicky, fretful or feverish baby in a fifty. In a few moments your anxiety is over and baby's sleeping soundly again. And you've only done what your doctor would advise. He'll tell you Fletcher's Castoria doesn't contain any harmful drug—that it's safe for the youngest infant and effective for children of all ages in cases of constipation, colic, gas, flatulency, and those upsets when you don't know just what is the matter. Avoid imitations. Genuine Castoria bears the Fletcher signature.

## Guests To Attend Ahepa Installation

Prominent Officials In Organiza-  
tion Plan To Participate  
In Program Next  
Sunday

Members of the New Castle chapter, No. 57, Order of Ahepa, will convene in the Modern Woodmen of America hall, East Washington street, at two o'clock next Sunday afternoon to install their newly elected officers for 1929. The general public is cordially invited to attend the ceremonies.

Prominent Ahepan officials from distant cities will be in attendance to officiate in the induction, while other representatives from Ahepa chapters located in Pittsburgh, Erie, Youngstown and Cleveland will attend as guests.

Officers of the local chapter for 1929, elected at a recent meeting, are: Charles Freeman, president; John Borovilos, vice president; James Kessler, secretary; James Phasias, treasurer. Added officials to be installed will be: Sperc Marousis, as chaplain; James Stafoularas as warden and George Marousis, George Karidis, William Lestas and Andy Kokinos as governors.

Supreme Governor Philip D. Peppas of Ahepa district number three will make the installation address, while Angel Alex, noted writer, will likely assist. Peppas comes from Cleveland, while Alex comes from Canton, O. Other Ahepans may attend.

Following the installation will come a period of initiation at seven p. m., at which time more than 25 new members of the chapter will take the rites of Ahepa. The out-of-town officials will also assist in this part of the new exercises.

The new class of Ahepa members is one of the largest that the New Castle organization has taken in for some time. It now makes the local chapter one of the largest Ahepa branches in the state of Pennsylvania.

## Here's the Way to Heal Rupture

A Marvelous Self-Home-Treat-  
ment That Anyone Can Use  
on Any Rupture, Large  
or Small

Costs Nothing to Try

Ruptured people all over the country are amazed at the almost miraculous results of a simple method for rupture that is being sent free to all who write for it. This remarkable Rupture System is one of the greatest medical ever offered to mankind, men, women and children. It is being pronounced the most successful method ever discovered, and makes the use of trusses or supports unnecessary. No matter how bad the rupture, how long you have had it, or how hard to hold, no matter how many kinds of trusses you have used, or how long you have tried to get it cured, this Rupture System will cure you. Whether you think you can or cannot, let this Rupture System cure you. It will cure you as large as your fist, this marvelous System will so control it and keep it in place as to surprise you with its magic influence. It will so help you to resume the parts where the rupture comes through that soon you will be as free to work at any occupation as though you had never been ruptured. You can have a free trial of this wonderful strengthening preparation by merely sending your name and address to W. A. COLLINGS, Inc., 23000 Collings Bldg., Watertown, N. Y. Send no money. The trial is free. Write now—today. It may save the wearing of a truss the rest of your life.

## MAKES UNUSUAL FIND IN BRIDGE EXCAVATING

Indications Are That Nesham-

Petrified Limb Of Tree And  
Impressions Of Sea Shells  
Found 8 Feet Deep

The average New Castle resident is too busy these days figuring out the ordinary prosaic affairs and keeping pace with ever changing conditions to delve back into the past, especially as far back as the prehistoric times such as the stone age to find out what happened here many thousands of years ago.

Nevertheless, if they did take time, they might find things as interesting in this district, as they do in foreign and faraway lands, where scientists spend years in digging up things that tell the story of the dim, dim past.

In recent weeks, a very interesting discovery has been made here by William Sandman, carpenter foreman for John Byers on the North street bridge contract.

While the work of excavating for the Croton avenue pier of the new bridge was in progress, when the workmen had reached a depth of about eight feet below the creek bed, they ran into some blue soapstone formation which was almost as hard as limestone.

On reaching the required depth, previously mentioned, they found a rock about two feet square of this material and Mr. Sandman, always interested in geology, jumped into the pit and seizing a sledge, hit the stone a blow, splitting it in two.

Seizing the upper portion, he looked at it and made a rather interesting discovery, that inside the stone, as it had been formed in what might be properly termed the sedimentary age, there had been the limb of a tree covered and preserved.

The formation showed the petrified form of the limb, almost as perfect as the day that it was caught

in the sediment and preserved for the eyes of the present day generation when found.

But that was not the most remarkable part of the find. There had evidently been a worm of the grub type such as we have today, about an inch and a half long, feasting on the limb as it was buried in the sediment that formed the stone, for here was the petrified form of the worm right along side of the petrified limb.

There were also the impression of large sea shells, two and three inches in diameter in the stone, indicating that when the stone was formed that this region was either on the shore or near the shore of a large sea of prehistoric origin.

All have been greatly interested in the find of Mr. Sandman, who have been so fortunate as to see or hear of it.

### Boy Scout News

#### ELKS TROOP NO. 5

The Elks Boy Scout troop No. 5 will hold its weekly meeting Thursday evening, Jan. 31, in the Elks Home. Scoutmaster Davis will be in charge of the meeting.

Scribe, Alfred Howard.

#### NEW WILMINGTON NEWS

The New Wilmington Boy Scout troop No. 1 held its regular weekly meeting on Tuesday evening, Jan. 29. All Scouts who are going out to feed birds on Saturday morning are to meet at the Scout house at nine o'clock.

On Thursday evening, Jan. 31, all Scouts who have Scout uniforms are to meet at the college gymnasium at seven o'clock to usher in the basketball game. The meeting was adjourned by the assistant scoutmaster, Scouts Joseph McClure and Robert McCaslin passed the following second-class test: safety on the farm.

The next meeting will be held on Tuesday evening, Feb. 5, at 7:30. Scribe, Thomas Rogers Jr.

#### LOVE WOLF PATROL

The Love Wolf Patrol held its first meeting at the home of Ralph Boyd on Tuesday, the 29th. A name was selected from a group of Indian names. This patrol is part of the Bob White and Flying Eagle.

The following officers were elected: patrol leader, Herbert Boyd; assistant patrol leader, John Kegarise; secretary, Ralph Boyd; and treasurer, William Hoyer.

The patrol is remodeling a cabin at Boyd's place and will use it as a patrol meeting place. John Kegarise and Ralph Boyd were appointed by the patrol leader to see about the material for remodeling the cabin. Scribe, Ralph Boyd.

#### FIRST CHRISTIAN CHURCH

The First Christian Church Boy Scout troop, No. 15, held its regular weekly meeting Tuesday, Jan. 29, at the First Christian church at 7:30 p. m. A large number of Scouts were present. Committee members Young, Gilmore, Rodgers and Francis were present. The meeting was supervised by Scoutmaster Sidney Smith and Assistant Scoutmasters Glenn Montgomery and Richard Sheets.

A color ceremony was held, with William Offutt, Bill Kunn acting color bearers and Ed Patton and Junior Phares as color guards. Howard Hart played colors.

The patrols practiced knot-tying. At 8:30 all patrols came out of session and stood in their regular places for an elimination contest to see who the best knot tyer of the troop would be. Elliott Francis won the contest. Two patrol contests were held in knot-tying and the Pine Tree Patrol and the Rattlesnake Patrol were the winners.

The following tests were passed: Herman Kitchen, first-class knife and axe; Joseph Proctor, history of the flag; Herman Kitchen, Fulton Cook, Ralph Montgomery, Elliott Francis and Herbert Rodgers, the merit badge test on public health; Jack Parks and Harry Walzer, the merit badge on firemanship; Jack Parks, bookbinding. Scribe, Ralph Montgomery.

### Roaming Round With Richards

Some News, Some Views, But  
Mostly Just Observations  
Of Interesting Things  
Around New Castle

There are plenty of places to go tonight, if you must go out to pass the time. But the place that seems to offer a bit more in the way of excitement would be the Westminster gymnasium. The University of Detroit is the opposition and if basketball to your dish you will find plenty of it served. The game has no bearing on the tri-state race, but inasmuch as Westminster has defeated Tech and Duquesne thus far this season, they want to add another big city scalp tonight.

The larger schools may be able to procure better football material, but most any small college is liable to win in and upset the larger school. In basketball, after all 10 or 11 may make an ordinary sized basketball squad and even a small school can get that many good ones.

To tonight the road leads to New Wilmington, the ninth ward of New Castle, out to the gym. Anybody who does not get their money's worth is invited to see Andy McDonald after the game and register a vigorous protest.

Most any early morning street car. High school students chattering like magpies—sleepy stenographers who yawn that they really should have sent the boy friend home earlier—men off the 12 to 8 turn in the mill, ready for a sleep after an eight-hour wrestle with hot iron—a goodly proportioned citizen with a traveling bag that looks like a trunk with handles on it—the usual argument between the motorist and the customers about moving back to give others room—tokens tinkling in the slot—and of course somebody would have to drop in two by mistake—see Chris Coulthard, lady—the crowd increases at each corner—the sardine packers must get their ideas from early morning cars—Mill and Washington streets—everybody off, with most of them taking a pink transfer.

Remember the old days when the street car was open and the conductor called out the streets by name? And usually it sounded like "wuf, wuf, blah booeey, ga zam."

Or those open summer cars that you could hop off in the middle of a block. Or hook a ride on the off side after the conductor had gone up the running board collecting fares. Guess those cars are considered dangerous now, but they certainly were comfortable on a hot day.

Hope you haven't forgotten the 13-zion banquet and dance on February 12th. Doc Rosenthal allows that there will be considerable of a crowd, which means that you had better get your ticket early. Or had you planned to go to the Tiger's minstrel?

E. A. Hounbeck of San Diego, Calif., who has been collecting shooting irons for the past 40 years, has 700 guns on display in his home.

#### GETTING UP NIGHTS

For Bladder Relief Is Nature's Danger Signal. Columbus Minister's Wife Relates Experience.

Rev. W. H. Mitchell, 824 No. Park St., Columbus, Ohio, says: "My wife was troubled seriously with bladder irritation until we used Lithiated Bichloride (Kaiser Formula). She would have to get up 6 to 8 times each night. Will gladly answer any letter." Lithiated Bichloride acts on the bladder as a person sits on the bowels. Drives out foreign matter and decreases excretory ability, thereby relieving irritation. The tablets cost 25 cents at all drug stores. (Kaiser Laboratory, Menasha, Wis., Locally at Patsy's Pharmacy.)

## Beware of Colds NOW!

whether you've had  
the FLU . . . or not

This is the time of year when serious cold troubles, such as deep chestcolds, bronchitis, and pneumonia are always at their worst. Just now, with so many people in the weakened condition that follows a flu attack, it is more important than ever to heed every cold as a danger signal and check it promptly before complications can set in.

#### Quick Direct Treatment

At the first sign of a cold, melt some Vicks in a bowl of hot water and inhale its healing vapors. Also place some up each nostril and snuff well back. This quickly opens the air passages.

At bedtime, rub Vicks vigorously over throat and chest and cover with a warm flannel. Most colds yield overnight to Vicks two-fold action:

#### Acts 2 Ways at Once

(1) Its medicated vapors, released by the warmth of the body, are inhaled direct to the inflamed air passages, loosening the phlegm and easing the difficult breathing.

(2) At the same time, Vicks acts through the skin like a poultice, "drawing out" tightness and soreness, and thus helping the vapors to break up the congestion.

Mothers especially appreciate this simple external treatment because it cannot upset children's delicate stomachs, as too much "dosing" is so apt to do.

### Negro Questioned In Bank Burning At Pleasantville

#### Negro Janitor Of Pleasantville Bank Sticks To Story That Flick Plotted Crime

(International News Service)  
FRANKLIN, Pa., Jan. 31.—Main-  
taining his original story throughout  
y day and a half's questioning and  
cross-examination, Sylvester Watson,  
11, negro janitor, resumed the wit-  
ness stand at today's session in the

trial of Edmond Flick, 25, cashier,  
charged with robbery and burning  
the Citizens' Bank of Pleasantville  
last September.

The defense hopes to prove that  
two other men, roomers in Watson's  
house, assisted him in the actual  
robbery of the bank.

Watson has made a complete con-  
fession of the robbery, but charged  
that he took the money and burned  
the bank's books at Flick's behest  
to cover up an alleged shortage.

Subsequent checking of the bank's  
books failed to reveal any shortage,  
and in general the books were in  
good condition, Frank Williams, pres-  
ident of the bank, said shortly after  
the robbery.

A steel box containing bank notes  
stolen from the bank safe was re-  
covered by authorities in seven feet  
of water in Oil creek.

### Coke Production Shows Increase

(International News Service)  
CONNELLSVILLE, Pa., Jan. 31.—  
Coke production is back to the level  
of November, 1928, by virtue of a  
gain of 880 tons during the week end-  
ing January 26, the International  
News Service summary of the Con-  
nectsville region today showed.

The aggregate was 63,850 tons.  
There was a gain of 96 in the number  
of ovens in blast. The gain was all  
at merchant plants, the furnace in-  
terests reporting a loss. Prices re-  
mained unchanged.

## GOVERNOR FISHER DENIES FAVORING FOUR CENT TAX

(International News Service)  
HARRISBURG, Jan. 31.—Gasoline and coal taxes today gave promise of causing some interesting debates in both houses of the legislature before it is finally determined whether the gasoline tax should be raised and the anthracite coal tax repealed.

The problem of the gasoline tax resolves itself into whether during the next biennium the tax should be placed at three or four cents. The suggestion of a four cent tax was made after it became known that the department of highways would need additional funds to carry out the extensive road construction and maintenance plans which have been formulated.

Governor John S. Fisher has repeatedly denied that he favors a four cent tax on gasoline as reported several days ago. The governor holds the position that this is a problem that will have to be solved by the legislature, but also expressed the belief that if additional funds are necessary for continuance of the work of the highway department these funds should come in some manner from automobile owners who are the chief users of the highways, and not from the general taxpayers.

It appeared today that the proposition of the repeal of the anthracite coal tax would reach some working basis by next Monday when the legislature again convenes. Several bills seeking the abolition of this tax have already made their appearance and the "anthracite bloc" in both houses have indicated that a determined stand will be made against the continuance of this tax.

Opponents of the movement to repeal the anthracite tax contend that it cannot be abolished until some means are found whereby the revenue derived from this source will not be lost to the state entirely.

As yet no substitute measures have

## made their appearance and indications were that the fight over the repeal of this tax would center on the question of what substitute taxation, if any, can be made without loss of revenue to the state.

## Special Services At Nazarene Church

Evangelist H. N. Dickerson was greeted with an appreciative and interested audience Wednesday evening at the revival services in the Nazarene church, Beaver and Falls streets. The speaker chose for his text Luke 6:47-48.

Rev. Dickerson spoke upon building for eternity and declared that it was important to dig deep and build a solid foundation. In building for eternity we must have a solid foundation. Sins must be confessed not only to Jesus but also for those we have sinned against.

Prof. Sparks, who is in charge of the music, is winning favor with the congregations who are attending the services. His special numbers on a musical saw are an attractive feature of every service.

## Osculation Gives Four Girls More Than They Asked

GLEN RIDGE, N. J., Jan. 31.—Having kissed successfully, four high school girls are under quarantine. Another girl thought she had the grip. The four thought they could get a vacation by exposing themselves to the disease through osculation with the other girl. They got the vacation. Their friend had scarlet fever.

## State Inspector Checks Up Aldermen

Inspector Miller of the State Highway Department, is in the city and is inspecting the books of the various aldermen of the city for the purpose of determining whether or not, all fines imposed in the local aldermanic courts on violations of the state highway regulations have been returned to the state treasury. He makes this inspection quarterly.

## FORMER COUNTY OFFICIAL AND VETERAN OF CIVIL WAR DEAD

NEW BRIGHTON, Pa., Jan. 31.—George W. Carey, 87, veteran of the Civil war and former commissioner of Beaver county, died today at his home, 1021 Fifth street. He was born on the Southside. He served in Company F, Tenth Pennsylvania reserve corps and was wounded during the battle of Antietam. He operated for many years a carriage factory here. He served two terms as county commissioner and was also a member of the school board. He was the oldest member of the Rochester lodge of Masons. He leaves two sons, E. H. Carey, New Brighton, and Frank H. Carey, Chicago, Ill.

## DRIVER OF CAR IS EXONERATED BY JURY

SHARON, Jan. 31.—A corner's jury exonerated Russell Myers, West Middlesex, driver of an automobile which overturned on the Farrell lateral road Sunday night, fatally injuring Howard Bateman, 15, West Middlesex High school athlete. Bateman died in Buhl hospital early Monday. At the inquest, called by County Coroner William McGrath, a snowstorm which was raging at the time of the mishap was shown to be the cause of Myers driving his car into a pile of ashes by the side of the highway.

## Revival To Close Sunday Evening At Tabernacle

Fine interest and good attendance are outstanding features of the evangelistic services each evening in the Alliance Gospel Tabernacle, Pearson street.

Evangelist David Pant of Atlanta, Ga., is attracting large congregations by his appealing messages. The subject of his sermon Wednesday evening was "Sanctification of Applied Christianity from a Working Man's Standpoint." This evening he will discuss "God's Model Man" and on Friday evening, Mr. Pant will speak on "The Judgment Day in the Light of Christ's Second Coming."

The special meetings which have been in progress for four weeks will conclude on Sunday evening.

## VIOLIN STOLEN

Harry J. Ward, 426 Norwood avenue, reported to the police that some unknown person had stolen his violin from the high school building on January 25. The police were asked to co-operate in finding the violin.

## HELD FOR COURT ON DRY LAW CHARGE

Mrs. Frances Andrews, rear 1213 Cascade street, was arraigned Wednesday before Alderman Walter Hamilton on a charge of violating the Snyder Act made by Constable John Miller.

Recently when the house was searched by Constables John Miller

and Degruft Robinson and Graham and Detective George Brinton, approximately nine gallons of liquor and three gallons of coloring were found in the Andrews home. It is stated by the officers.

Following the hearing she was held for the March term of court, putting up \$1,500 bail for her appearance at the county court.

Because of large amounts of crude and waste oil along the waters hundreds of wild ducks are said to be dying in the marshes and along the beach at Sabine Pass, Texas. It was found that the oil weighted the birds down so heavily when alighting on the water that they could not fly again.

## SPEED TOO OFTEN IS FATAL

TAKE your time! Go slow! It is much better to ride slowly in your own quiet car than to ride fast in the other fellow's ambulance. Speed is the curse of this automobile age. Often it leaves a gruesome tragedy in its trail. During the month of November 80 people were killed each day by automobiles. Not all of these were speed cases, of course, but a great many of them would have been avoided had the automobile drivers been running at a reasonable rate.

In the prevention of automotive accidents speed should be the easiest element to control. It's purely a mechanical process and every driver should keep in mind the fact that too much speed is responsible for many deaths every day of the year. Drive slowly. Don't take a chance on injuring the other fellow—or yourself. The National Safety Council points out.

## "Don't Cough Your Energy Away"

Exhausted . . .  
Because of a Cough

A STUBBORN cough can wrack your whole body—sap vitality. Each spasm not only irritates the delicate membranes of your throat but puts a severe strain upon your chest, stomach and other vital organs.

Your health demands that coughs be checked. They feed upon your strength—lower your resistance—expose you to more serious infections. At the first sign of a cough or throat irritation,

take PERTUSSIN. It helps Nature free the air passages of germ-laden mucus, soothes the irritation and quiets the cough. PERTUSSIN has been prescribed more often for coughs than any other advertised remedy.

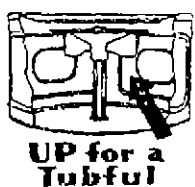

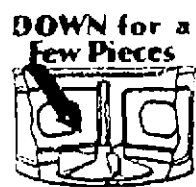

PERTUSSIN is safe even for small children and convalescents—a good remedy for "coughs that hang on". It is free from dope—does not upset the stomach and can be taken as often as necessary.

### Evangelist Speaks On "Sorrow For Sin"

Evangelist Thomas delivered a forceful message on "Godly Sorrow For Sin," at the evangelistic services in the Arlington Avenue Free Methodist church, Wednesday evening. Rev. Thomas used as a basis for his remarks Psalm 51.

The evangelist stressed the thought of what he thought was the final step of repentance. He said that all genuine repentance is made up of three distinct acts: first, reformation of life; second, restitution of wrong; third, pool.

godly sorrow for sin. Psalm 51 is the first outburst of a real Godly sorrow known in all literature. David the king on a throne forgets his high station and becomes a humble supplicant. There is at least one place in the universe where all meet in common level and that is at the divine mercy seat. The end of Godly sorrow brings in a genuine joy of salvation.

### Rosa Ponselle, Opera Star D-Flat Tragedy Figure

Giacomo Lauri-Volpi (above), famous tenor, and Rosa Ponselle, beautiful prima donna, to whom befell most trying of operatic annoyances. Below, several bars from "Il Trovatore," culminating in the D-flat note (arrow) which Lauri-Volpi held for eight beats.

By International Illustrated News  
NEW YORK, Jan. 31.—Operatic prima donnas are traditionally stormy of temperament. Trifles are apt to provoke in them tempestuous attacks of "nerves." But none ever quite so trying as the thing which befell poor Rosa Ponselle before an audience glittering in all the panoply of fashion.

The great Ponselle and Giacomo Lauri-Volpi were approaching the climax of an almost-perfect performance of the opera "Il Trovatore" when it happened. At the end of an exciting scene, the emotional Lauri-Volpi, carried away in his part, did what no other tenor had ever done—held a D-flat note for eight beats, three beats after Rosa had ended her own bell-like accompaniment!

Audience Cries Bravo!  
And the audience applauded, the first scattered hand-clapping deepening into a sonorous wave of bravos and feet-stamping in which a famous director cheered.  
As related by a member of "Il Trovatore" cast and later confirmed by Miss Ponselle and Signor Lauri-Volpi, this particular occasion marked the first time they had sung this Verdi opera together. Because of certain exigencies there hadn't been time for rehearsals. But so often had each sung their respective roles with other artists that they felt confident they could carry through without a hitch.

The fireworks came in Act I, Scene II. Lauri-Volpi, as Manrico, plays the ardent lover of the fair Eleanora, otherwise Miss Ponselle. His rival is Giuseppe Danise, a count, who isn't so successful in romantic roles. Besides he is a baritone. They are in a garden. Eleanora discovers by lifting a mask that the troubadour is none other than Manrico, whereupon the count challenges him to a duel. The scene ends with the three rising to the D-flat region. That is, Eleanora and Manrico hit that note.

Ponselle is Heart Broken  
It is usually held for two beats; sometimes three. On this occasion Miss Ponselle and Lauri-Volpi held it five together, but the latter kept on going—continued for three more beats to establish a record. When the audience broke into applause, Miss Ponselle burst into tears.  
"Why did you shame me out there?" the fair Rosa demanded of Lauri-Volpi, once the curtain had dropped. "I finished long before you. Why, why did you do it?"  
She was led off to her dressing room by solicitous attendants and a half dozen assistant directors of the "Met" were summoned to listen to her demand that Lauri-Volpi be disciplined. When the final curtain fell, the storm had subsided considerably.

"I think Ponselle is a great artist," says Lauri-Volpi.  
"Mr. Lauri-Volpi is a thorough gentleman," retorts Miss Ponselle.

### \$10,000 Damages Asked By Jolly In Auto Crash

Proprietor Of "Jolly Bowl" Files  
Suit Today Against Samuel Grossman

In a suit filed at the prothonotary's office this morning William E. Jolley, owner of the "Jolly Bowl," asks \$10,000 damages from Samuel Grossman, as a result of an automobile accident at the intersection of South Jefferson and Grant streets.

Mr. Jolley was going east on Grant street, and was in the act of cross-

ing Jefferson street, when his car was struck by the Grossman car. The Jolley car was badly wrecked and Mr. Jolley received injuries of a painful nature.

It is alleged that the Grossman car was being driven at a high rate of speed, and without due caution.

**Reserve Officers

"Field Fortifications", Will Be  
Subject Of Craig's  
Address

"Field Fortifications" is the subject on which Captain Melvin L. Craig, (DOL), will speak when the reserve officers of the New Castle district meet in his office at the Temple building, North street, at eight o'clock this evening.

The talk will include information on the fortification of infantry regiments, of field artillery units, gun emplacements, and the art of camouflage. This will be followed by a map problem.  
Every officer in the New Castle district should attend this meeting this evening, declares Captain Craig. "Of late attendance at the meetings has been falling off, and if this is not rectified at once, I am afraid that changes will be made in officers' standings."

### Cedar Street Sewer Has Been Completed

City Engineer Miller today stated that Contractor M. J. Scanlon's employees have finished building Cedar street sanitary sewer and will now start on Wayne street sewer. The ejector station has been built. The new sewers in the Liberty street district will be an improvement toward draining the flat section according to city officials.

### POTATO DAY TO BE OBSERVED

Rescue Mission And Croton  
Sunday Schools To Ob-  
serve Special Day

"Potato Day" is to be observed by the Sunday schools of the City Rescue Mission and the Croton M. E. church next Sunday according to an announcement this morning.  
Each child in both Sunday schools are asked to bring a penny to deposit in the potato fund that is now being raised by the Mission and the Croton church. The money will go to help defray expenses incurred in the purchase of the potatoes which the mission intends to distribute to the needy poor of New Castle.

According to the mission superintendent, B. J. Watkins 18 bushel of potatoes have already been delivered to families where the need exists. However it is the mission's intention to see that each poor family, worthy of such a donation is supplied with enough potatoes.

Mr. Watkins further states that the penny contribution of each child this coming Sunday is being asked primarily to instill within them the realization of the blessedness of giving. In so doing the children will have a part on making possible the potato donations to the needy of the city.

In addition to the annual business to be taken care of, the growers will elect officers for the coming year. J. A. Boak has been president for the past year.

### Motorist On Trial In Killing Of Man

(International News Service)  
PITTSBURGH, Jan. 31.—The trial of W. H. Hopper, of Canonsburg, accused of involuntary manslaughter in the death of Anthony Forrester, in an auto crash near Bridgeville, several months ago, went forward today with the calling of additional witnesses.

Hopper's counsel seek to prove that the defendant was driving his car at a reasonably moderate rate of speed on the right hand side of the street and in conformity with driving regulations when his car collided with another driven by Forrester, a former police constable.

Although Esther Fulton and Anna May Christner, both passengers in Forrester's car, testified that Hopper appeared to have been drinking, a Bridgeville doctor before whom Hopper was taken refused to issue a certificate stating that liquor appeared on the defendant's breath. State Trooper Lawrence Saporito also testified the defendant appeared to have been drinking, but said the physician would not issue a certificate to this effect.

### Will Have Chest Clinic On Tuesday

The regular chest clinic, sponsored by the Lawrence County Tuberculosis Society, will take place Tuesday afternoon, Feb. 5, at the headquarters of the Associated Charities, 81-2 East street.

Dr. H. C. Harper, medical director for Lawrence county, will be in charge of the clinic, which will take place between the hours of two and four.

### Relieved After Fifteen Years Of Suffering

Civil War Veteran, 81, Claims Ten  
Herbs Did Wonders; All  
Ailments Gone.

"Ten Herbs certainly did wonders for me," was the recent statement of Mr. N. C. Stevenson, 104 Second Avenue, Butler, Pa., to the Ten Herbs Man, who is at Eckerd's and New Castle, Inc., 30 East Washington Street.

MR. N. C. STEVENSON

this city, where he is daily demonstrating this famous new herbal medicine. "Your preparation ended my stomach trouble, with which I had suffered for more than 15 years," continued Mr. Stevenson, who is 81 years of age and a civil war veteran.

"During all those years my stomach was in such bad condition that I could not eat many things that I liked. What I did eat made me feel miserable. I had indigestion, which was accompanied with gas, bloating, and heartburn. My nerves troubled me a great deal. I could not get a good night's sleep, but would lie awake all hours of the night. Sometimes I was in such a nervous condition that my stomach seemed to quiver. I would be terribly tired upon arising in the morning."

"I was also troubled with dizzy spells. There were severe pains across my back. When I would sit down awhile it would be hard for me to get on my feet again. Constipation troubled me a great deal. Specks would come before my eyes. My head would always be stopped up in the morning, and I would have a cough. At times my tongue would be coated, and I would have a bad taste in my mouth. Sometimes there would be puffs around my eyes."

"I read about Ten Herbs in the paper and decided to try your medicine. I can not say enough in praise of Ten Herbs because of the good it has done me. My appetite is splendid. I am free of indigestion, there are no more gas, bloating and heartburn. My nerves are in fine condition. I sleep soundly all through the night and get up in the morning feeling good. Dizzy spells are gone, and I am free of pains across my back. I no longer have specks before my eyes. My head is clear when I arise in the morning, and the coating has left my tongue. Constipation has been entirely relieved. I gladly endorse Ten Herbs to the public."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine.

## Second Semester Starts At College

Westminster Students Take Up School Duties After Three Day Vacation

(Special To The News) NEW WILMINGTON, Pa., Jan. 31.—Second semester opened at Westminster college yesterday when classes were resumed at 8 o'clock following a three-day vacation between semesters. Total registration at the end of the regular period Tuesday evening indicated that more than 500 students would be on the rolls for the second half of the year.

Members of the senior class, most of whom are practicing teaching in nearby towns were registered last Friday and Saturday. Of the group of 70 seniors who are qualifying for the state teachers' certificate 60 have been assigned to New Castle junior and senior high schools. The others are in Sharon and schools of the Pittsburgh district.

Activities of the second semester got under way tonight with the basketball game with City college of Detroit. Next week, Vachel Lindsay, famous poet will give a lecture recital in the United Presbyterian church. Other college functions scheduled on the official calendar include student plays, society elections, a number of basketball games, inter-collegiate debates and the annual inter-class basketball tournament for men of the college.

Classes will not be interrupted again until Washington's Birthday when fraternities and societies will observe Mothers' day as is the custom here. A special chapel service and a tour of inspection of the new buildings as well as fraternity and sorority dinners will be the program of the day.

More than 20,000 American elk are now in the region of Yellowstone National Park.

## BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Toxin anti-toxin treatments are now being given to the students of the schools in Union township as a preventative step against diphtheria. Assistants of County Medical Director Dr. H. C. Harper administered the first of the three required injections to approximately 230 pupils of the eight township schools on Wednesday.

Next week another injection will be given, and likewise during the following week.

Students of the Union high school, Scotland Lane, are included in the treatments that the medical leaders of the county are sponsoring.

## Would License Paid Reformers

Unusual Bill Is Presented To House Of Representatives In Michigan

(International News Service) LANSING, Mich., Jan. 31.—Licensing of "paid reformers" is proposed in a house bill today by Rep. Robert D. Wardell, organizer and head of the Michigan Modification League. The license would cost \$1,000.

All persons who practiced "the profession of paid reformer" without a license would be subject to 90 days in jail under the terms of the measure.

Wardell describes "professional reformers" as persons who "urge re-

formers" for their personal gain or their livelihood.

## Lancaster County Produces Most Of State's Tobacco

(International News Service) HARRISBURG, Jan. 31.—Pennsylvania's tobacco crop in 1928 was 49,560,000 pounds, the Department of Agriculture announced today.

The entire crop was produced in 12 counties of which Lancaster county produced more than 93 per cent. The total value of the crop was placed at \$6,941,000.

The production was 3,340,000 pounds greater than that in 1927, but 3,000 more acres were required to produce it. The acre yield was 39 pounds less than in 1927.

The total production and the total value of the 1928 crop by counties are as follows:

County	Pounds	Value
Berks	154,000	\$ 18,400

"John Bunyan, the Immortal Dreamer" was presented by the Christian Endeavor societies of the Presbyterian church Sunday evening. The pageant portrayed the life of John Bunyan in a very pleasing manner. The principal characters were as follows:

Thomas Bunyan—Jack Allison.  
John Bunyan—Donald Hoffmaster.  
First Wife—Bessie Kelly.  
Second Wife—Hazel Sonnett.  
Mary—Aida Stelle.  
John Bunyan's sister—Anna Kelly.

"The Medicine We Should Have Had In The First Place," Declares Happy Man. "It Is Miraculous."

How often this expression—"The medicine I should have had in the first place"—is heard from the lips of happy men and women who found new and abundant health in Konjola.

Cases like that reported by Mr. John A. Stevens, 719 South Fifty-sixth street, Philadelphia, Penna.

"For five years I had indigestion in its worst form. A hearty meal meant hours of agony with gas bloating, knife-like pains and heart pressure. This was so severe at times that I could hardly breathe. Not a day passed in those five years that I was not doctored by my stomach."

"Finally I decided to try Konjola. Three bottles solved my health problems. I can eat anything, and

## Lieut. Edgar Hamilton Still In Service With French Foreign Legion

In the current issue of the American Legion Monthly, official organ of the National American Legion, is a story concerning recent experiences of a certain writer with one Lieutenant Edgar Hamilton, a former resident of the city of New Castle.

For some time Hamilton has been serving with the French Foreign Legion in Morocco. The writer of the article, Leighton H. Blood, evidently has been a soldier in the Legion for a number of years and expects to be for several more. He tells of meeting Hamilton, who he designates as "Lieutenant Blood," and the latter's experiences with Hamilton and the tribesmen of that land.

To quote from the writer's story: "It isn't so tough in this outfit when Lieutenant Hamilton is here. He gets the American papers and magazines and when he is through with them he passes them along to us. Any company he has ever been in would go to him for him. He doesn't look tough, but there are a lot of graves down in Tash Taza. He explains to everyone to soldier, as you will find out, but he is for a square deal.

and he thinks nothing of punishing a sergeant as quickly as a private when the non-com does wrong."

Lieutenant Hamilton will be remembered by residents of the city as one of the first aviation enthusiasts in this section. Hamilton formerly resided with his mother on North Mill street, but at the outset of the world war enlisted. He joined the French Foreign Legion and has been serving practically all the time since.

### Phalanx Discuss Recent Election

Make Arrangements To Send Representative To Pittsburgh Meeting Next Sunday

A general discussion on the results and possible effect of the recent presidential election occupied the meeting of the New Castle Phalanx fraternity Wednesday night. There were 15 members present to participate.

"In what way can you connect prosperity with the result of the election?" and "What influence did farm relief have on the election?" were two of the questions that received warm discussion, while "What effect did the women's vote have?" was also debated. The wet and dry issue of the presidential battle of ballots played an important part in the recent campaign the members speedily decided.

Ronald McCoy, chairman of the organization's program committee presided over the discussion. In the business meeting prior to the discussion, the fraternity elected Alfred Owens the secretary, to make the trip to Pittsburgh with R. L. Moorman next Sunday night. Local organization's representative at the Phalanx pre-conference meeting there. Early in March a Phalanx conference will take place at Tarentum and the Pittsburgh meeting this week is a preparatory one to this.

These are samples of the new, reduced station-to-station day rates on calls to points 130 to 1500 miles away.

Rates for person-to-person calls within the same distances have also been reduced, in equal or greater amounts than the station-to-station calls.

The improvements in service features made at the time of the previous reduction—longer and more convenient evening and night discount periods, reversal privilege on station-to-station calls, etc.—remain in effect.

This latest reduction in rates is the third to be offered to the public by the Bell System within little more than two years. It is in keeping with the fundamental policy of the System to furnish the best possible telephone service at the least cost to the user. It is another step in making us a nation of neighbors.

### GOOD GAMBLING

The gambling instinct that seems to be pretty well distributed among human beings is not all bad. Gambling may not be a fine word, but there is such a thing as good gambling. Insurance is an excellent gamble. Certain policies might be made more of a gamble, and they would doubtless make a greater appeal. For instance at a certain age one can buy a \$25,000 policy under the terms of which \$5,000 a year will

be paid for life, beginning at the age of 65. But this is not much of a gamble. The reason it is not, is because the company offers so much definite value. The policy says that even if you do not live a year after the age of 65 the company will make ten payments to your estate of \$5000 each. It says that if you are totally disabled it will pay your premiums. If you die, your estate will receive the \$25,000. This is an expensive policy but it is not much of a gamble. It is a sure thing.

A good gamble—one that would appeal to many—would be a policy which could be bought for a very low price—a mere fraction of what the one just described costs. This policy would pay \$5000 a year for life at age 65—but that would be all. There would be no \$25,000 for the estate at death. No disability clause. No payments guaranteed to anybody except the man actually insured. Just a straight gamble on the part of the

company that the insured wouldn't live until he was 65 or long after. Sitting in a group of men the other day, the writer heard a general demand for a new insurance policy which would rest on the basis of chance with no certainty of collection of any kind.

### MOSQUITOES

A few years ago a city which would spend a quarter of a million dollars to rid itself of mosquitoes would have been thought very extravagant. It might have been laughed at by other cities. But today a city can well afford to spend much more than a quarter of a million in draining up river frontage and low places to rid the community of mosquitoes. Mosquitoes, despite tradition, are no joke. Disease, no man knows now much, is carried by mosquitoes. The health of a whole community is closely related to the prevalence of mosquitoes. If municipal administrations are to go ahead as fast as they should, more money must be spent for scientific and health purposes.

### ADJUSTMENT

Friday Evening In Union  
Baptist Church

Much interest is being manifested in the debate to be held at the Union Baptist church, Friday evening, February 1 at 8 o'clock as the subject is a very important one, and has for the

last ten years attracted the attention of many leading thinkers.

The question for discussion is "Resolved, that the Standard of the present generation is lower than that of the former generation." Rev. C. D. Henderson, pastor of the Union Baptist church will discuss the affirmative and Rev. William Hodge, pastor of the Bethel A. M. E. church, the negative.

Both ministers have been members of debating teams in their school days and have done quite a deal of platform work aside from their regular ministerial work, and hence are

### Don't Neglect a Cold Now, is Doctor's Advice

Don't neglect any cold nowadays. Colds are so weakening and in a weakened condition you are so susceptible to more serious troubles.

When you find you are catching cold, take care to keep the bowels open. That's the first precaution every doctor advises. That's the way to avoid the congestion which makes you feverish, achy, half-sick, miserable.

Millions know the quick way to open the bowels, keep them active, is with Dr. Caldwell's Syrup of Pepsin. Every second of the day someone, somewhere is going into a drugstore to get a bottle of this splendid medicine, made from simple laxative herbs and pepsin by the formula Doctor Caldwell found so effective during his 47 years' medical practice.

Dr. Caldwell's Syrup of Pepsin is mild and gentle in its action but it is promptly effective on the most robust constitution. Containing neither narcotics or opiates, it is safe for the tiniest baby. Children like it and take it gladly.

For colds, fevers, biliousness, indigestion, headaches, heartburn, nausea, bad breath, loss of sleep—any troubles caused by poor digestion or

Under California law a judge cannot practice law during his term of office. If it is found the check was given for legal services the legislature probably will bring impeachment charges. It is believed Hardy will contend the check was a gift. Above, the check, and insets of Mrs. Kennedy and Judge Hardy.

## Poem Written By Late John Snyder Read At Funeral

Honored at 81

Impressive Feature Of Services  
Held In Memory Of Well  
Known Citizen

Like a message from the dead the thoughts of John M. Snyder were given expression by the Rev. W. W. Sniff, yesterday, when a poem which Mr. Snyder had written many years ago on the death of a friend, were read at Mr. Snyder's funeral. Reading of the poem was in compliance with a wish of Mr. Snyder that the poem be read at his own funeral. It shows the thoughts of a man who has meditated on death, as most people sometimes do, and put his thoughts into expression.

It will be read with interest by the many friends of Mr. Snyder, who knew him as a man of kindly heart and lovable disposition. Mr. Snyder was the president of the Reynoldsburg School Teachers' association for many years. His old friends and associates especially will be interested in the poem, as will all who knew him in life. The poem written by Mr. Snyder and read by Rev. Sniff is as follows:

**WHEN I HAVE PASSED AWAY**  
I oft find myself wondering, o'er and o'er,  
How near is my step to the dark river's shore?  
As my journey grows shorter, nearing its end,  
On the way that is narrow, without a bend,  
I wonder which I oft wander in search of earth's gain,  
Into the wild byways strewn with the slain.

I again wonder, but none of earth can say,  
How distant is the hour when I pass away.

How will the grim reaper inflict the last blow  
That is to extinguish the light's brilliant glow?  
Will I by the destroyer be instantly slain?  
Am I to linger helpless with pangs of pain?  
In what land is death lurking along the path  
To demand my life to appease for the wrath?

That is threatened to come, the debt to pay,  
For the ill deeds I have done ere passing away?  
Has the soil been tilled, or the seed been sown?  
Are the ripened fibrous stocks yet grown?  
Or have ere now their silky fibers been spun,  
And the willing spindles and the loom been run?

With the irreverent clink of shuttle and rod,  
To weave the gown for my sleep 'neath the sod,  
These thoughts like specters, they haunt me each day,  
Keeping me wondering when I shall pass away.

Does the sheltering tree of the forest still stand?  
Or hath the vandal woodman's ruthless hand,  
With the keen edged blade with its ringing sound,  
Laid it with its shadow prostrate to the ground?  
Or now fashioned into that gruesome case  
That is to protect me from earth's cold embrace,  
And share with me the fate of nature's decay  
To return into dust after I pass away.

Yes, I keep wondering till each day is done,  
And shall continue until my race is run,  
Wondering the distance to life's unseen goal,  
And what deeds there recorded on eternity's roll.  
But these thoughts are idle: I could cease to fear  
If I could see the eye that would shed the tear,  
And hear the sweet voice that would mournfully say:  
"The one I love is gone" when I have passed away.

—John M. Snyder.

**Special Message  
At Trinity Church  
Sunday Evening**

"How God saves now," a question in which everyone is interested, will be the topic of the sermon at the popular, informal service in Trinity church next Sunday evening. The preacher will be the pastor, the Rev. Philip C. Pearson. Hymns that everyone knows will be selected. It is believed with the excellent start made last Sunday night, together with the work of the visitors being done this week, there will be a large attendance. The hour is 7:30 o'clock.

The Discussion Group Meeting will be held in the church on Friday, tomorrow at 7:45 p. m., and not in the Guild room. The topic will be Christian Symbolism, and the beauties of New Castle's splendidly designed and richly ornamented Episcopal church will be shown and explained in order that all may realize fully that every nook and corner speaks of Christ, and that entering the church people are indeed in a holy place. Attendance tomorrow evening is not limited, anyone may come.

On Saturday the Feast of the Presentation of Christ in the Temple, the usual holy day celebration of the Holy Communion will be held at 9:30 a. m.

**Strange Charter Is  
Issued In Delaware**

DOVER, Del., Jan. 31.—One of the most unusual charters ever issued among the many issued by the state of Delaware came to light today with the report of charters issued yesterday.

The corporation is listed as the "Coveles Langenagin, Inc." a firm of communists and atheists.

The chief purpose of the organization as stated in the petition for the charter is to "gain possession of the United States for the communists and atheists." The firm has no capital stock.

The incorporators are: Clarence W. Evans, Uniontown, Pa., and William Barnes and Joseph Southern of La Belle, Fayette county, Pa.

Beyond the meager information laid out on the charter application, no further details could be learned regarding the organization.

The United States Bureau of Fisheries now has 66 nurseries where 7,000,000,000 young fish and eggs are sent out annually to stock the streams of the country.

**Acid In Stomach  
Cause Indigestion**  
Create Sourness, Gas And Pain.  
How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food soured, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any drug store some powdered or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Repeated May 1928. (Recent form of magnesium hydroxide or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesium for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

## Man Shot From Ambush While On Way To Work

James Corney Of Summit Avenue Injured From Shot Fired Last Night

Police Think Motive Dates Back To Stabbing Trouble Some Months Ago

ELLWOOD CITY, Jan. 31.—James Corney, residing on Summit avenue, was shot in the back and back of neck Wednesday evening on that street, while enroute to his duties on night shift at the Shelby Tube company.

The police, this morning, stated that from their reports, two men were in ambush waiting for the suspect to go to work.

Corney was removed to the local hospital where his wounds, which are not expected to be serious, are being taken care of.

Police also stated this morning that the cause of the assault might date back to a stabbing incident many months ago, in which Corney figured prominently.

It is said that only a faulty aim prevented Corney's death. No clue has been secured so far as to the identity of his assailants.

## HIGH LIGHTS OF HISTORY

By J. Carroll Mansfield

The Story Of American Industry  
The Beginning Of The Factory System In America

THE "INDUSTRIAL REVOLUTION" IN ENGLAND, THE TRANSFER OF MANUFACTURING FROM THE HOME TO THE FACTORY, HAD ITS ECHO IN THE AMERICAN COLONIES. SINCE 1755, WHEN GREAT BRITAIN HAD PASSED THE "STAMP ACT", THE COLONISTS HAD BOYCOTTED BRITISH GOODS. AMERICANS SOUGHT TO PRODUCE NEEDED MANUFACTURED GOODS IN THIS COUNTRY.

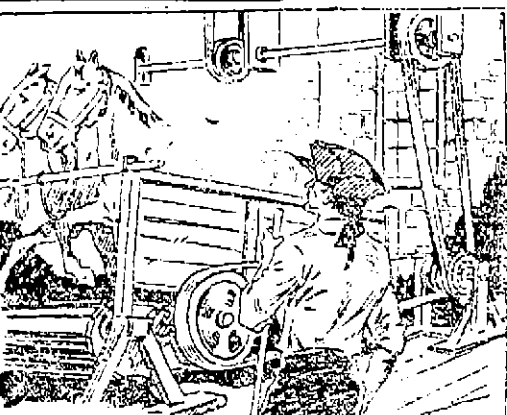

© 1928, FUTURE NEWS-PHOTO SYNDICATE

IN 1775, THE YEAR THAT SAW THE OUTBREAK OF THE WAR OF INDEPENDENCE, A GROUP OF QUAKER MERCHANTS, WHOSE LEADING SPIRIT WAS SAMUEL WETHERILL, FORMED A COMPANY IN PHILADELPHIA FOR THE MANUFACTURE OF TEXTILES. AN AMERICAN-MADE COPY OF HARGREAVE'S SPINNING "JENNY" WAS SET UP, WHILE THE WEAVING WAS DONE ON THE OLD HAND LOOMS.

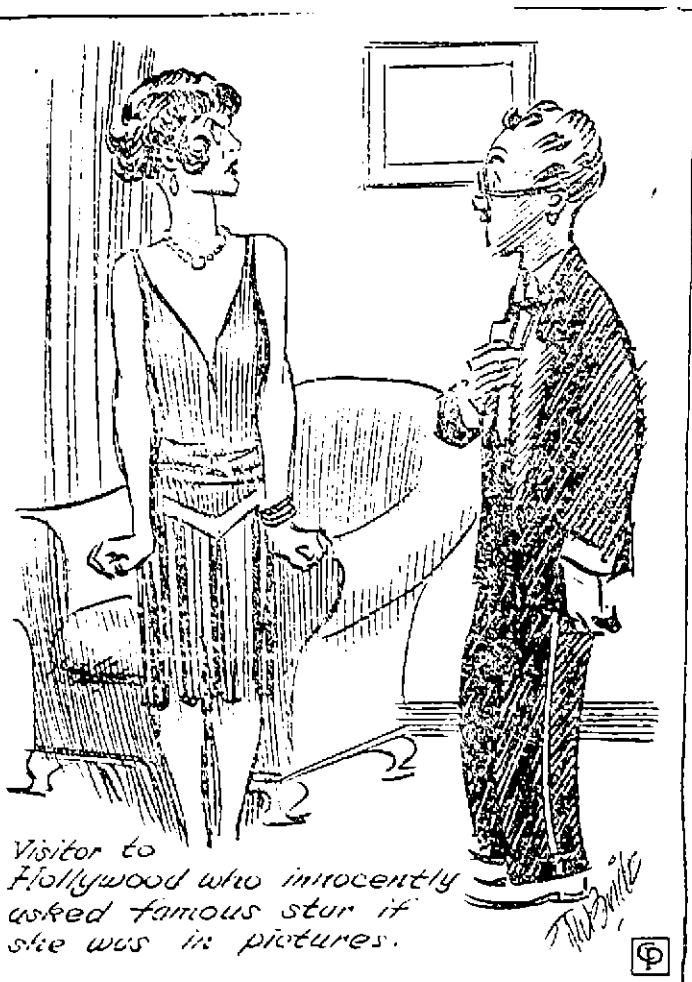

THE PHILADELPHIA FACTORY WAS IN OPERATION FOR TWO YEARS. THEN, IN 1777, WHEN THE CITY WAS TAKEN BY THE BRITISH, AND THE STREETS RESOUNDED WITH THE MARCHING TREAD OF LORD HOWE'S REDCOATS, THE FACTORY CLOSED ITS DOORS. AT THE CLOSE OF THE REVOLUTION, HOWEVER, WETHERILL RESUMED THE MAKING OF CLOTH.

THE FIRST COTTON MILL IN NEW ENGLAND WAS ESTABLISHED AT DEVERLY, MASSACHUSETTS. IN 1788 A TEAM OF HORSES SUPPLIED THE POWER THAT TURNED THE WHEELS OF THE MACHINES. THIS ENTERPRISE WAS FINANCED BY THE STATE, BUT FAILED DURING THE DARK DAYS THAT PRECEDED THE WAR OF 1812.

BY BILLY DE BECK

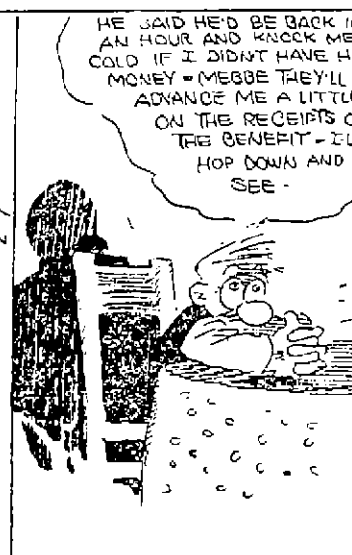

ON SATURDAY NIGHT THE GREAT BENEFIT PLANNED FOR BARNEY GOOGLE WILL TAKE PLACE. WHILE THE SALE OF TICKETS IS FAR BELOW EXPECTATIONS, THE AFFAIR IS SURE TO BE A SUCCESS BECAUSE TWENTY MORE STAGE CELEBRITIES, PERSONAL FRIENDS OF MR. GOOGLE, HAVE ANNOUNCED THAT THEY WILL AID THE WORTHY CAUSE.

POOR BARNEY IS WORRIED OVER THE OUTCOME BECAUSE HE HAS BEEN STALLING HIS CREDITORS OFF IN THE HOPE THAT HE WILL BE ABLE TO PAY THEM ALL AFTER THE BENEFIT AND THERE IS NO DOUBT THAT THEY WILL ALL BE AT HIS HOUSE WITH OUTSTRETCHED HANDS IMMEDIATELY AFTER THE AFFAIR

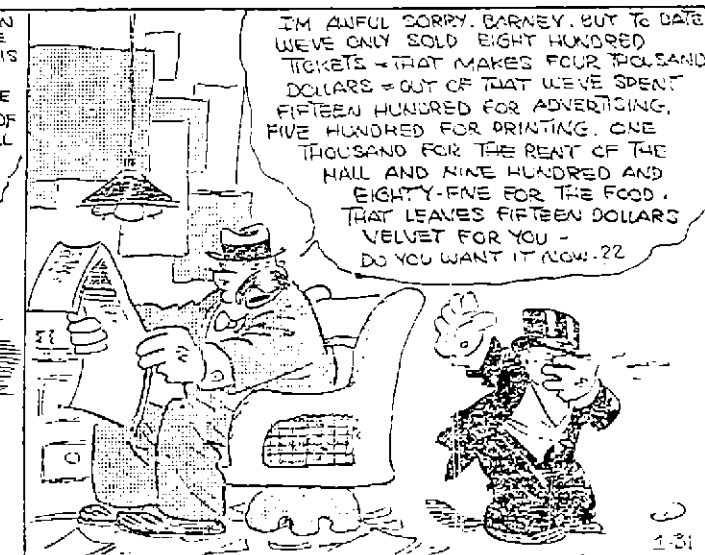

I DON'T GIVE A WHOP WHAT YOUR OTHER CREDITORS HAVE DONE— I LOANED YOU THIRTY BUCKS OVER A MONTH AGO AND I NEED THE CASH DOUGH NOW! THE OTHERS CAN WAIT IF THEY WANT TO BUT I DON'T!

I HAVEN'T GOT TEN CENTS BETWEEN ME AND THE GOLDEN GATE LUSSEY, TONY.

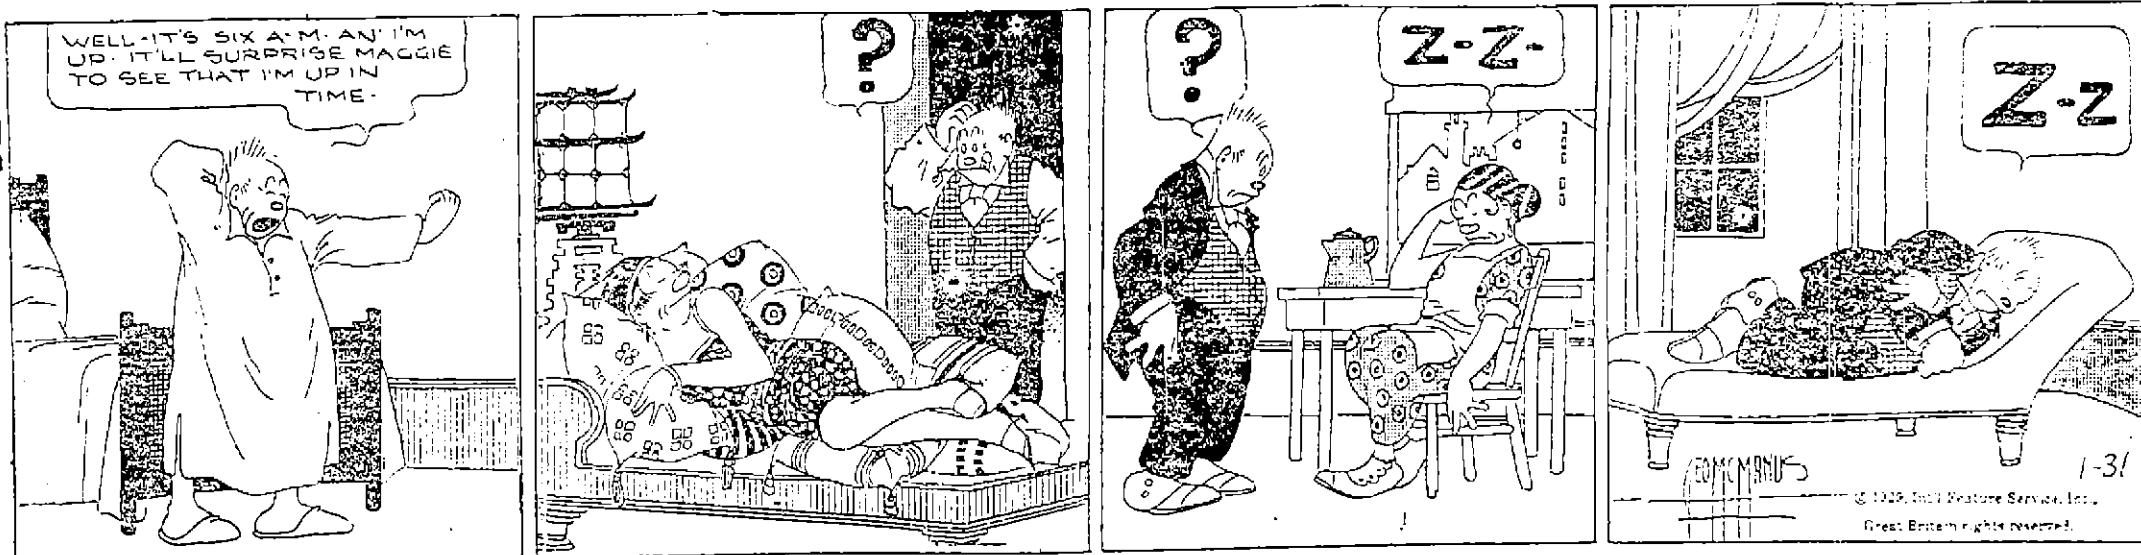

HE SAID HE'D BE BACK IN AN HOUR AND KNOCK ME COLD IF I DIDN'T HAVE HIS MONEY— MEBBE THEY'LL ADVANCE ME A LITTLE ON THE RECEIPTS OF THE BENEFIT— I'LL HOP DOWN AND SEE—

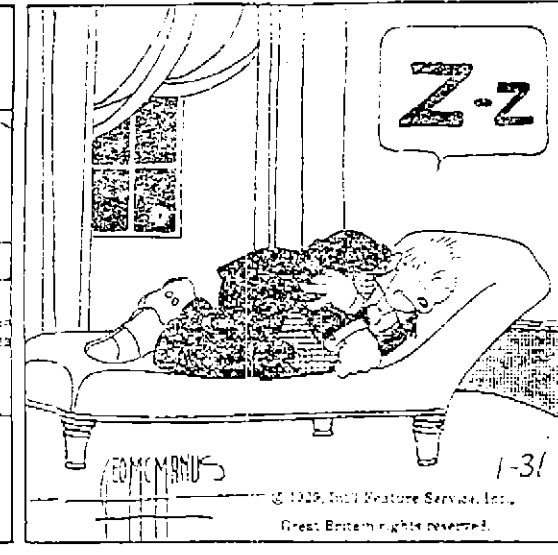

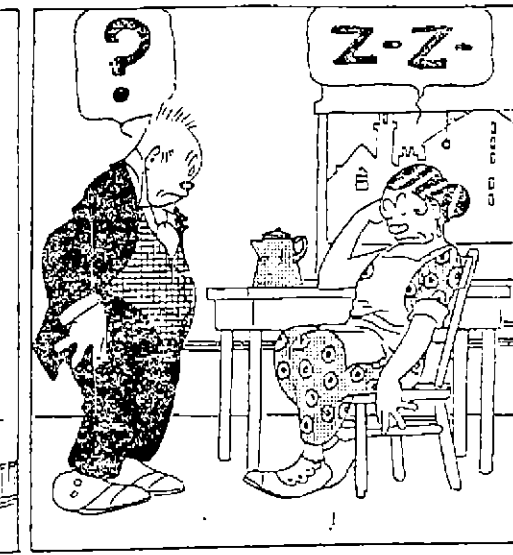

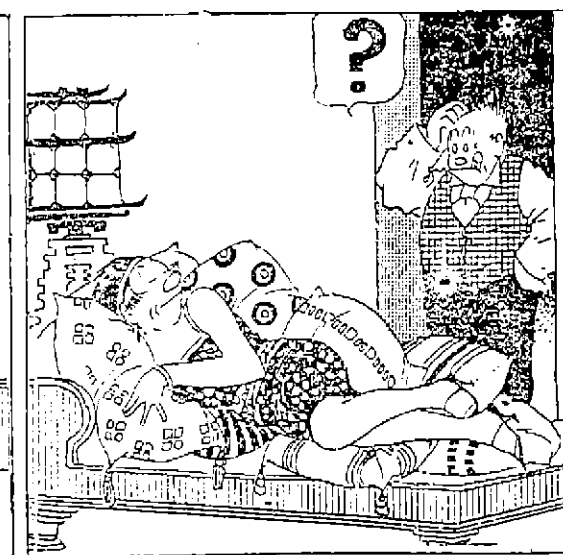

I'M AFRAID SORRY, BARNEY, BUT TO DATE WE'VE ONLY SOLD EIGHT HUNDRED TICKETS— THAT MAKES FOUR THOUSAND DOLLARS— OUT OF THAT WE'VE SPENT FIFTEEN HUNDRED FOR ADVERTISING, FIVE HUNDRED FOR PRINTING, ONE THOUSAND FOR THE RENT OF THE HALL AND NINE HUNDRED AND EIGHTY-FIVE FOR THE FOOD. THAT LEAVES FIFTEEN DOLLARS VELVET FOR YOU— DO YOU WANT IT NOW??

## Junior Floor League Opens

Ben Franklin High Defeats George Washington in Opening Battle Of League

FABIAN J. URAM STARS OF GAME

By "BUGS" WALTHER  
The opening battle of the Junior High League on Wednesday afternoon at the George Washington High gym, by handing the Washington team a 16 to 6 defeat.

The Franklin passers were held on even terms in the first quarter, the period ending 4-4. Christie and Johnny Uram shot baskets for the Washington team that kept them abreast with the older and more experienced Franklin team. The work of Abraham with a pair of buckets featured for Franklin in the first quarter.

Franklin High Rallies  
Unable to maintain the pace that they had set in the opening round, the Washington team slowed up in the second quarter and failed but two points to six for Franklin. The score at the end of the first half stood at 16 to 6 with the Norontines in the lead.

The playing was more even in the third stanza with the Franklinites able to maintain a one-point advantage in the quarter which ended 20 to 15. Watson and Fabian were the big guns for Franklin in the third quarter, with J. Uram and Christie carrying the load for Washington.

In the fourth and final quarter the Franklin team started another merry tattoo of the baskets and soon had a commanding lead. The Washington team tried hard to overtake the lead but were unequal of the task. Experience had a lot to do with the game yesterday. The Washington team looks promising and will develop with more practice and experience. The Franklin team looks very good, and if Coach Norton can keep the boys playing the kind of basketball they displayed on Wednesday, the Junior High League is going to be swung up shortly.

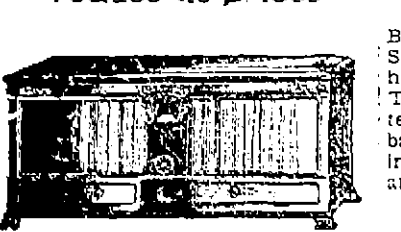

Two Other Teams  
Mahoning and Union High promise to put two fast teams in the field this making the circuit a fast and interesting one.

The playing of J. Uram and Christie was the best for the Washington team, with Fabian, Watson and Abraham the feature players for the victors.

Earl Sande, premier jockey is keeping fit and is getting ready to ride in Kentucky Derby.

Mickie Dugan, Austrian boy with the green tights wants to box Romeo Pacelli, Italian-American in a return six round bout here. They agreed to box here at 130 pounds. Romeo weighed 127 and Dugan 123. Mickie thought he would be able to move around Romeo. He was sent down three times. He was fortunate he was not knocked out. Mickie wants the weight at 127. Romeo can do this. It would make a good bout. Mickie is willing to take another chance with "Romeo" as Joe De Robbio calls him.

Ken Loeffler's Geneva five defeated Carnegie Tech last night at Beaver Falls. The score was 35 to 20.

Danny Dunn has arrived in Gotham with his rubberman Johnny Risko and the ex-baker will meet Max Schmeling in a round bout at Madison Square Garden Friday night. According to reports the Cleveland heavyweight has fought himself into condition and weighs 188 pounds. The last time Max stepped out he won from Sekyra of Dayton.

The last step toward pro sports in Beaver has been taken. Mayor Nichols has signed an ordinance permitting Sunday sports.

Mickie Solomon will probably get a chance on the next card at Jolly Bowl. Mickie underwent an operation for appendicitis almost a year ago. He is anxious to enter a four round bout to decide if he can return to his old self. Mickie will be given a bout if a proper opponent can be found to try him out.

## Sport Heroes Of 1928—Swimming

By QUIN RAIL.  
While Uncle Samuel may have slipped some in athletic supremacy during the Olympic games held at Amsterdam last summer, there is no call for us to feel down-hearted when it comes to aquatic sports. For a country supposedly dry—with only an occasional oasis here and there—the records in the damp events at Amsterdam were mighty well accounted for by representatives of the United States.

In fact the "desert people" won five of nine events for men, five of seven for women and brushed together a lot of team laurels to carry home with them. That's pretty "top hole" as the British say, when it is considered that a camel can go so long without a drink.

And besides the things accomplished at Amsterdam, our water crew made such amazing improvement during the Olympic games held at Amsterdam last summer, made during the year were submitted for approval when the Amateur Athletic Union held its annual meeting.

One of the most impressive of the free-style world's records established was the 100-meter straightaway which was reeled off by John Weissmuller, the crack of the Illinois A. C. at Chicago in 0:57 4-8. A star of the first magnitude, we might say a star of the first water—Weissmuller recently announced his retirement as an amateur but he most certainly finished off his career with the Illinois A. C. in a burst of glory in his last year's work, both here and abroad. Johnny is probably one of the best swimmers ever developed and it may be some time before another paddler of equal versatility will come swimming along to take his place in the tanks of the world.

## Franklin Girls Annex Victory

Ben Franklin Maidens Defeat George Washington in Opening Of League, 23-9

The Ben Franklin Junior High girls basketball team defeated the George Washington Junior High maidens 23 to 9, on Wednesday afternoon in the opening of the newly Junior High girls league. The game was played at the Washington gym floor.

The Franklin girls played a fast game to defeat the Washington ladies. The score at half time favored the Franklin girls 13 to 9. The Gillespie coached sextet tried hard against overwhelming odds to come through with a victory, but experience had a telling effect.

The playing of Miss Helen Kraft, Miss Jennie Ciccone, and Miss Russell featured for Ben Franklin. The work of Miss Eleanor Confer, Miss Anna Roth and Miss Dorothy Young was the best for the losers.

There are four teams in the Girls' league at Mahoningtown. Union, Franklin and George Washington. The Franklin maidens are now leading the league by virtue of their victory yesterday afternoon.

The Ben Franklin girls deserved the victory, due to excellent teamwork and snappy playing.

The summary:

Among the girls who distinguished themselves at Amsterdam, Martha Norelius, Women's S. A., New York, deserves praise for her victory in the 400-meter, 50-meter course and the 350-yards, 55-yard course. She negotiated the shorter distance for first place in 5:42 2-5 and won the last event in 11:37 4-8. Norelius' improvement was also apparent in various events which she won against teen competition in this country during 1928.

Outstanding women swimmers and divers included such well known names in the aquatic world as Helen Meany, Mrs. Betty Becker Pinkston and Albinia Spisowich. Clarence Crabbe of Honolulu lowered the world's long course medley swimming standard for 300 meters to 4:13 while little Miss Eleanor the 14-year-old marvel, amazed the world by dropping the short pool standard for 300 yards to 4:20 3-5.

Besides all these the U. S. had many other aquatic stars and the swimming season of 1928 can well be recorded as a remarkable success.

## Bessemer Prepares For Union Game

Coach J. A. Frederick's red and black warriors otherwise known as the Bessemer high varsity basketball team are getting in trim for the tilt with Union high school which will take place on the Bessemer home floor on Friday evening.

The Bessemer team and Union are both in the same positions and each are struggling to cast off the other and then chase the New Wilmington squad who at the present time are heading the field.

Coach Frederick will undoubtedly start Vlah, Nord, Mack, Reuhle, and Grant at their old positions for the game.

This game will be a decisive one in the league standing.

## Trying To Match Dick With Firpo

Good Middleweight Match Is Being Sought By Jolly Bowl

WEIGHT QUESTION HOLDING UP BOUT

Efforts are being made to match Dick Evans of Youngstown and Henry Firpo of Louisville for a ten-round bout at Jolly Bowl. If the bout can be arranged it will be held February 11.

Firpo has fought a dozen times in New Castle and still stands forth supreme of the middleweights. Evans is one of the smartest fighters and best punchers Youngstown has ever had.

Evans has fought better opponents than Firpo and has been anxious to battle Firpo but the latter being a 154 pounder has always demanded that the fight be arranged at 150 or 155 pounds.

Dick has done most of his battling at 150 pounds and today it was stated that if each would give slightly on the weight question the match could be made.

An extraordinary monetary offer to both fighters has been made and if the bout is arranged it will be the most costly bout ever staged at the bowl.

However, due to Firpo's long list of victories and Evans' run of wins at Youngstown, the bout should prove a natural and would be probably the fastest middleweight bout ever staged here.

As soon as talk of the bout got year.

## Eight Crews May Race In Regatta

International News Service  
NEW YORK, Jan. 31.—America's greatest racing treat, the annual intercollegiate regatta on the Hudson at Poughkeepsie will more than likely see eight crews stretched across the river at the starting line this year.

The board of stewards of the Intercollegiate Rowing association expect that many colleges to send their entries to the mark on June 24 the date decided upon for this year's renewal of the race.

Cornell, Columbia, Pennsylvania and Syracuse, members of the association will send varsity and freshman crews to the regatta. California, Washington, Navy and Wisconsin will be the invited crews in the varsity race.

# Game Commission Is Upheld At Meeting

HARRISBURG, Jan. 31.—Representatives of a dozen organizations of sportsmen meeting here today to discuss proposed legislation endorsed unanimously a resolution which opposed the bill of Senator Schantz, already introduced, which would take from the Game Commission all discretionary powers in fixing game seasons and bag limits.

The sportsmen also took definite action on several other bills. Others were discussed and definite action on them will be taken at the late afternoon session.

Considerable debate preceded the vote on the resolution aimed at the Schantz bill. Although there was some criticism of season limits as fixed by the commission all present

finally agreed that it was wiser to have such problems decided by the seven members of the Game Commission than by the 258 members of the legislature.

Expected criticism of the commission because of the recent season for doe deer failed to develop. All of the spokesmen agreed that a reduction of the deer herds was necessary.

Another resolution approved a bill to be introduced in the legislature which will permit municipalities to bring action in county courts against persons or firms causing steam pollution. At present such action must be brought by the Attorney General's department.

A bill which would appropriate \$5,000,000 for the purchase of forestry land during the next biennium also was approved. The budget fixes the amount now proposed at \$1,000,000.

# Former Border Patrol Admits Bribery Charge

DETROIT, Jan. 31.—The government won its case against the first of 20 customs border patrol agents today when William Thompson, 42, a former agent, pleaded guilty to charges of bribery in four indictments before Federal Judge Charles C. Simons.

A fifth indictment was dismissed by the court. Judge Simons announced he would defer sentence until the other agents are tried.

Tompson's plea of guilty was hailed as a double victory for the government in that postponement of his sentence may mean he will become a government witness against the other agents. By admitting his guilt he also made it unnecessary for the government to disclose, at this time, the identity of the special agent whose investigations resulted in the wholesale arrests of government men and rum runners.

# Rothstein-Knapp Linked Together In Big Bond Case

BELIEVE BONDS FOUND IN ROTHSTEIN BOX CONNECTED WITH CHARLES KNAPP

NEW YORK, Jan. 31.—United States District Attorney Charles H. Tuttle today refused to comment on reports that bonds found in the deposit box of Arnold Rothstein, slain Broadway gambler, would be connected with the \$10,000,000 bond swindle ring headed by Charles E. Knapp of Pittsburgh.

"I have nothing to say regarding the case until I hear the reports of assistant United States attorneys now working on the case in Pittsburgh," Tuttle said. "The entire investigation is resting in their hands as far as this office is concerned."

Charles E. Knapp, his wife Irma, Leo Gallagher and Bennie Diamond are under indictment in Pittsburgh for attempted sale of stolen Liberty bonds.

Canadian authorities are also conducting an investigation at Hamilton, Ont., where Knapp is said to have attempted to dispose of more than a million dollars in Liberty bonds stolen from a Centerville, Mo., bank.

# Alcohol Is Used As Pain Killer During Operation

MEXICO CITY, Jan. 31.—Alcohol, applied by an intravenous injection, has been successfully used as an anesthetic by Dr. Miguel Garcia. The doctor removed a kidney without the patient showing the least pain during an operation which lasted more than an hour.

Medical authorities said the advantage of the use of alcohol was that it stimulated the functioning of the heart and that dangers attendant upon the administration of other anesthetics were removed.

Dr. Garcia refused to sell his formula. He said he was content to place his discovery at the disposal of the medical fraternity for the benefit of mankind.

# Enlargement Of Federal Penal System Urged

WASHINGTON, Jan. 31.—Condemning the present overcrowded condition of federal prisons and the care of federal prisoners in local institutions, the House special committee investigating penitentiaries today submitted a report urging immediate enlargement of the federal penal system.

Minority members failed to carry out their threat to file a separate report condemning Mrs. Mabel Walker Willebrandt, assistant attorney general, for instituting a "spy system" in Atlanta federal prison.

# Bath Tubs In Albania As Coronation Nears

TIRANA, Albania, Jan. 31.—Bath tubs are making their first appearance in this capital, along with electric lights and telephones. A trolley line has been projected and a modern hotel and a new hospital are being erected.

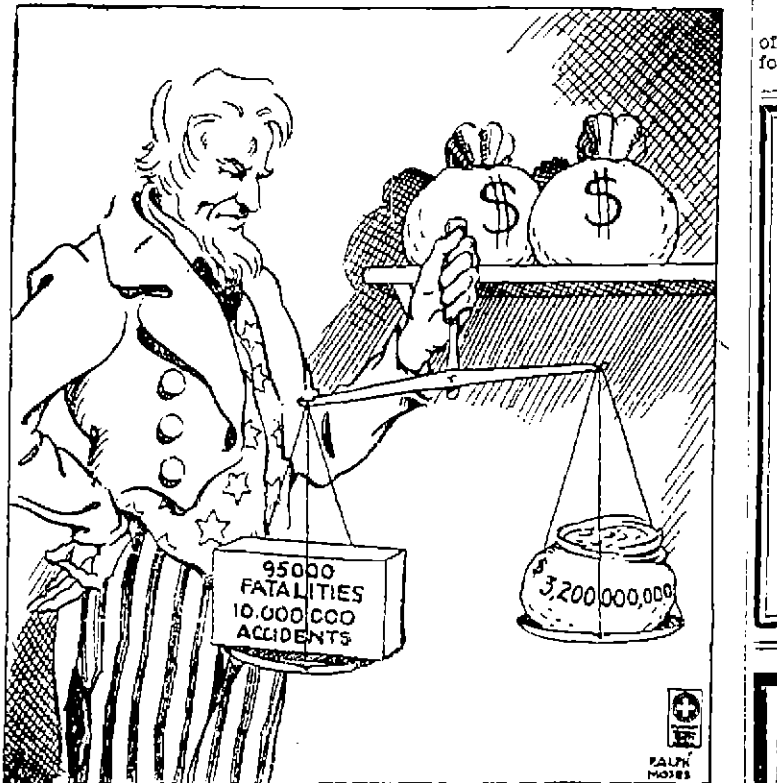

These changes are part of the preparations for the coronation of King Zogu, set for April. To entertain adequately the representatives of foreign governments, the government is constructing a new royal residence and is rebuilding an old narrow gauge railway, first laid down by the Austrians, which is the only rail line in the country.

As a result of the westernizing process, Albanians who formerly were afraid to venture on the streets after dark unless equipped with daggers and firearms now go about armed only with canes or umbrellas.

# Chautauqua Man Takes His Own Life

JAMESTOWN, N. Y., Jan. 31.—Dependancy over ill health is believed to have caused William Barton, 70, of Chautauqua to end his life with a shotgun at his home. Authorities who investigated the suicide said Barton held the gun between his legs and pulled the trigger with his toes. The charge struck him near the point of the chin. Several relatives survive him.

# Weighed in the Balance!

NO WONDER there is serious reflection spread over the face of Uncle Sam. He has just discovered that 95,000 fatalities, which occur in the United States each year, aggregate a total cost of approximately three billion two hundred million dollars. And the scales do not quite balance at that figure because of the fact that there are some social costs which cannot be estimated, that would run the total up considerably higher. These figures have recently been made public by the National Safety Council.

Auto accidents cost \$800,000,000 per year; fires cost \$550,000,000; home accidents total \$250,000,000, and industrial accidents cost \$1,000,000,000. Figure it out for yourself.

It's something for Uncle Sam to think about. What is equally important, it's something for every man, woman and child in America to think about.

These figures are cash costs alone. They do not include the measurements of accident costs in tears, in broken homes and in human suffering. There isn't money enough in the world to compensate with that you

# Many Dog Calls Being Received

With the approach of spring, the police department is receiving numerous calls from people throughout the city, concerning stray and other dogs running at large and destroying property.

Officer Charles Longstreth is meeting with decided success in shooting unlicensed dogs and causing the licensed dogs to be kept tied up in accordance with the city and state regulations. It is anticipated that all dogs for which licenses are to be secured for the present year, will soon be licensed.

purpose of which is to lower funeral expenses.

The organization, incorporated in Delaware, is known as the United Burial Association, and proposes to purchase burial equipment in wholesale quantities that its members may obtain the benefit of lower prices. Eventually, it is hoped to establish a factory for the manufacture of caskets.

Notices sent out to prospective members say the association will "furnish standard service and high quality goods at minimum cost."

And now a blacksmith has discovered he can keep horses tranquil and serene as he shoes them, by means of radio; otherwise they might be alarmed by passing automobiles or whirling overhead airplanes. — The Savannah News.

# Forty Men Worked 21 Centuries For Telegraph Company

More than twenty-one centuries of service is the record of forty active employees of the Western Union Telegraph company. Of this number eleven were telegraph operators, handling a key with old-time proficiency and speed at the beginning of the year. The others occupy various positions in the company and practically every one of the forty still uses the telegraph instrument from time to time. This total years of service is believed to constitute a record in American industry.

# Rabbit Hits Speed Of 35 Miles Per Hour

WASHINGTON, Jan. 31.—Ira N. Gabelson of the United States Biological Survey reported to the department of agriculture that he followed a rabbit in his automobile more than accurately, but with my gun I can fire into the eye of the wind at any elevation and hit the mark.

The gun, three rockets, three sets of wires and 325 yards of inch rope weigh only 60 pounds.

# New Life Saving Device Hurls Rope 325 Yards

LONDON, Jan. 31.—A life-saving rocket apparatus which it is claimed will throw a rope line accurately at 325 yards has been invented and patented by Coastguard W. G. Knight of Scarborough.

"With the old gun," said Coastguard Knight, "it has never been possible to fire a rocket and throw a line accurately, but with my gun I can fire into the eye of the wind at any elevation and hit the mark."

The gun, three rockets, three sets of wires and 325 yards of inch rope weigh only 60 pounds.
